## Tegal Decorative Serving Tray

1200-1041

*In Stock | New*

Overall: 3"h x 23.5"dia.

Finish: Natural / Clear

Materials: Arurog / Glass

Item Weight: 12 lbs.

The Tegal Decorative Serving Tray is over 23 inches in diameter and has a glass inset, which makes it an ideal choice for using as a table-space on an oversized ottoman. Made of Arurog, a reed that is known for its pliability, the decorative tray is also perfect for serving, as the glass forms a protective shield on the bottom. The looping pattern on the sides forms natural handles so it's easy to grip almost anywhere.
