Finish: Light Purple / Light Blue / Dark Blue

Materials: Glass

Item Weight: 11.0 lbs.

The Vassily Vase Set is a trio of mouthblown glass vessels, each individually fired in separate ovens to achieve each color: one for blue, one for purple, and one for mint green. After firing, each pastel vase is sand-blasted to provide the surface with a matte texture that appears as if it has been lightly sprayed or frosted. With their clean silhouettes and misted surfaces, the Vassily Vases make a modern statement whether grouped together or displayed individually.
