The Karlson 36" Bath Vanity has doors clad in a composition of organic patterns that look like an abstract painting applied to faux vellum. The vanity, the rest of which is painted in a Caviar black, is raised a bit in the front to bring its profile a refined detail, as does the black granite top with a rectangular undermounted sink. The interior offers practical storage solutions, including one adjustable shelf and two optional wood trays that attach to the inside of the doors for customizable organization.
