60/180

Cord: 2' Black/White

The Baobab Wall Sconce has luminous leaves that are made of recycled glass and pressed into shape. The biophilic design is made even more graceful by the placement of the glass pieces that seem to be fluttering in a breeze. These are attached to wrought iron stems in a contemporary silver leaf finish that gleam beautifully. The three-light fixture is dimmable to create a softer ambience in the

evenings.
