The Bothy Double Outdoor Pendant has shades made of cast concrete with a subtle pebbling in the material to bring the fixture a modern farmhouse appeal. The fact that the fixture is wet-location tested and it is fitted with metal hardware in a black powder-coated finish, the Bothy is perfect for lighting patios, loggias, and porches. The milk-glass globes create a glow on the interiors of the shades and the concrete is polished on their edges after the casting is set for a sophisticated smoothness.
