The Hennin Chandelier takes its cues from Mid-Century modern design with a striking angular frame in an oil-rubbed bronze finish. The metal structure is accented with bobeches in antique brass, adding warmth and contrast to the darker frame. Each arm is topped with an elongated white glass shade fitted with integrated LED. Blending modern technology with a timeless silhouette, this chandelier balances crisp geometry with refined materials for a look that feels both classic and current. The fixture has 10 lights and is not dimmable.
