The Marcelo Chandelier features a striking frame with modern square arms, spacers, and detailing in an antique brass finish. Natural travertine accents highlight the bobeches and central stem, introducing subtle variation in tone that makes each fixture unique. Slender white glass shades rise upward from the arms, their clean lines contrasting with the warmth of the stone and metal. At nearly 26 inches high and 44 inches in diameter, this large chandelier makes a commanding statement while showcasing the individuality of its natural materials.

The fixture has six lights and is dimmable.
