Suggested Bulb: A Standard Bulb

Socket Type: E26

150/150

Cord: 6' Clear Silver

Switch: 3-Way Turn Knob

Shade: White Polyester

Shade Dimensions: 17" x 12"h

The Watershed Table Lamp is crafted from white 3D-printed porcelain with flowing lines that evoke the movement of rustling fabric. The advanced process makes possible a sculptural form that traditional techniques could not achieve, giving the lamp a distinctly modern character. Metal hardware in a polished nickel finish and an optic crystal finial complete the composition with a crisp, light touch.
