The Veneto Large Chandelier, which has mid-century Italian lines, is made of metal in a polished brass finish. Sitting atop arms that arc outward are colorful glass discs in blue, yellow, and red, each of which is more translucent than traditional colored glass so that light will shine through better. The Milano-inspired gold chandelier is a large-scale fixture with 21 lights, which means it's an excellent choice for a tall, dramatic space. This fixture is dimmable.
