1200-1057

In Stock | New

Overall: 16.75"h x 5"w x 12"d

Finish: Bronze

Materials: Bronze

Item Weight: 13 lbs.

The Duck Family Bronze sculpture is finished in an antique green bronze and takes inspiration from a piece at the Art Institute of Chicago that replicated an ancient Chinese bronze. The design features a mother duck with her baby, their bodies detailed with cutout patterns that introduce a modern touch to the timeless form.

This blend of historic influence and contemporary styling makes the piece a distinctive decorative accessory.
