*In Stock | New*

---

Overall: 22"h x 16"dia.

Finish: Portland

Materials: Concrete / Wrought Iron

Item Weight: 29 lbs.

---

The Mangal Accent Table is a faux bois design made of concrete in a Portland finish; its form inspired by the curving shapes of mangrove roots. Suitable for outdoor use, the table features a slightly shorter middle leg that ensures it always sits level. The sculpted legs show detailed texture work, enhancing the naturalistic character of the piece.
