The Happy 80's Small Bright Blue & Red Vase captures the playful spirit of the 1980s with a modern twist. The hand-thrown porcelain vase features unique striations of brilliant blue and lively red that were skillfully applied while the vase was spinning on the potter's wheel. The resulting patterns highlight the artisanal craftsmanship behind each piece, as painting lines of color so uniformly while the vases are spinning is a painstaking process. Due to the artisanal painting, the surface of each accessory could differ slightly.
