The Hazlitt Box brings style to the home office with its dimpled outer surface covered in gold leaf. Sized for use on a desk or a credenza, the gold decorative box is large enough to hold standard-sized letter paper. The epitome of handmade, the Hazlitt has a wood structure onto which composite has been daubed to create its spiky surface before the gold leaf is applied. Because it is made of an artisanal material, its surface may vary slightly from box to box.
