Unity Accent Table

4000-0256

In Stock | New

Overall: 22"h x 16"dia.

Finish: Antique Bronze / Dark Bronze

Materials: Cast Aluminum

Item Weight: 16 lbs.

The powerful texture that can be created in cast aluminum is evident in the Unity Accent Table, which has a top swirling with a toothy concentric pattern covered in an antique brass finish. A dark bronze finish on the frame gathers into zig-zagging indentions to bring the legs the appearance they have been hammered. The tabletop was inspired by a found piece of wall art, which was appealing for its strong Bronze Age feel. Because it is made of an artisanal material, its surface may vary slightly from table to table.
