Bestseller

Overall: 25"h x 9"w x 21"d

Finish: Bronze / Verdigris

Materials: Bronze

Item Weight: 27 lbs.

Shipping Method: P/OS

The Pelican Bronze sculpture is a remarkable piece of art. Finished in black bronze, this piece comes to life through a multi-step lost-wax casting process. After casting, the artist adds thoughtful touches like polishing or additional finishes to complete the look, illustrated here by the shine of the pelican itself juxtaposed against the matte finish of its perch.
