The Mithra Brass Table Lamp features a powerful brutalist profile. The cast aluminum lamp showcases the unique attributes of foundry pieces, such as the drifts of stippling on the metal's surface. The antique brass finish highlights the texture, giving the gold lamp the feel of a vintage piece. Inspired by a mid-century modern sculpture, the design is complemented by a honed granite base and an off-white shantung shade, which serve as clean-lined elements that allow the sculptural form to take center stage.
