Forum Sofas

Robin Day

The Forum designed by Robin Day is an icon of mid-century design. Originally designed in 1964, the sofa and armchair both feature a solid hardwood frame beautifully crafted with a finger joint detail, supported by chrome plated legs mounted to the outside of the frame. Working closely in partnership with the Robin and Lucienne Day Foundation, Case Furniture have brought this iconic design back into production as it draws close to its 60th anniversary.

Made in Thailand.
