

# **Port Side Table**

## Jenkins & Uhnger

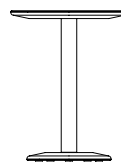

**Port Side Table**  
Jenkins & Uhnger

The small footprint of the Port Side Table makes it ideal for compact spaces. Created by Oslo-based design duo Jenkins & Uhnger, its minimalist aesthetic is underscored by an emphasis on structural durability. Gently chamfered edges along both the base and top add a touch of visual lightness to the piece, which is anchored by a sturdy central stem. It comes available in a trio of subtle wooden finishes to suit any interior.

Made in China.
