

Dip Bowls

Aaron Probyn

Dip Bowls

Aaron Probyn

This set of nesting ceramic bowls are the creation of Aaron Probyn, a British designer renowned for his playful and inventive approach to homeware.

Perfect for serving dips and nibbles, there are two bowls included in the set: one peanut-shaped and one circular, which can either be stacked or nestled together in different formations.

The bowls make for practical kitchenware items that are both oven and microwave-proof, and dishwasher safe.

Made in Sri Lanka.
