## TECHNICAL

**Bulb Holder**  
240v - 1 x G9  
120v - 1 x G9  
(bulbs not supplied)

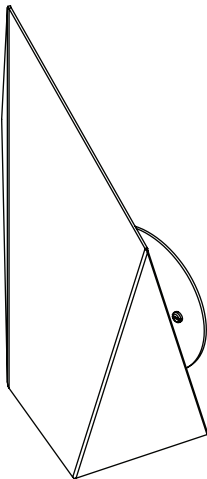

**Wattage**  
25w max halogen

**Weight**  
1kg (2.2lbs)

## PARTS &amp; COMPONENTS

A. 1 x Abstract  
B. 1 x Adaptor plate for North America only

A.

B.

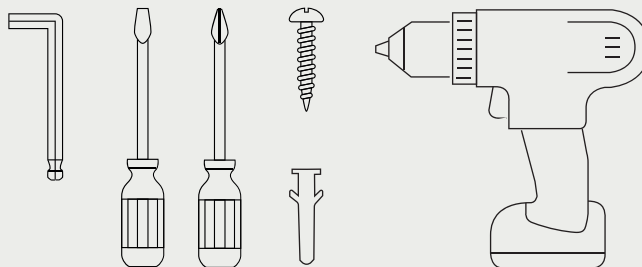

- All nuts and bolts required for the installation will be included in the delivery.

## BEFORE INSTALLATION

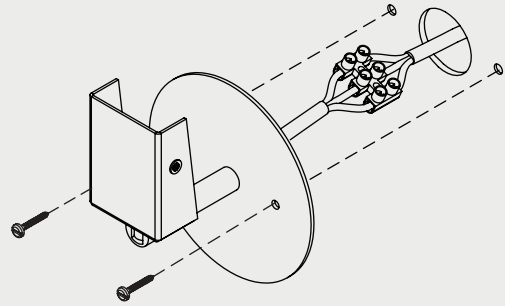

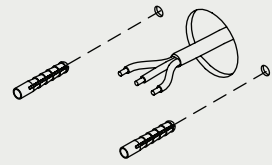

- Check that you have all components before starting the installation.
  - Installation must be carried out by a qualified electrician.
  - A minimum of two people is required to install a pendant light.
- Check that the ceiling or wall fixings are suitable and strong enough to support the weight of the light fixture.
  - You will need the below specific tools for a successful installation.

1. Make sure the wall is suitable to support the weight of the fixture, drill 2 holes and put in raw plugs.

Connect the fixtures electrical cables (trimming excess wire) to the mains cable using a terminal block (not provided). Make sure all the wires are colour matched and the fixture is earthed correctly.

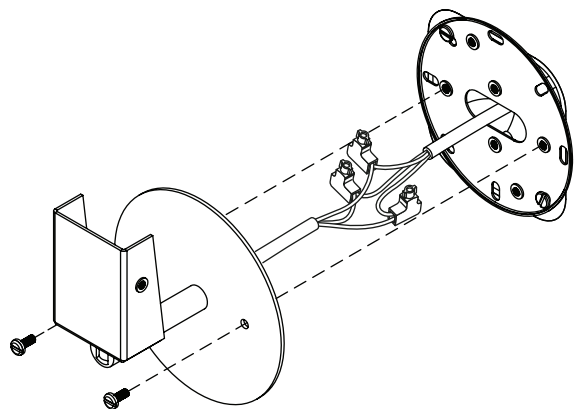

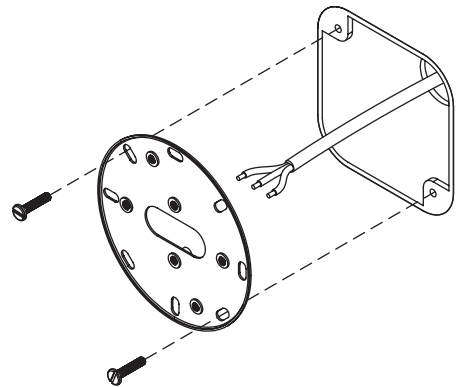

Gently push the electrical connections into the wall cavity and then screw the wall bracket into the raw plugs.

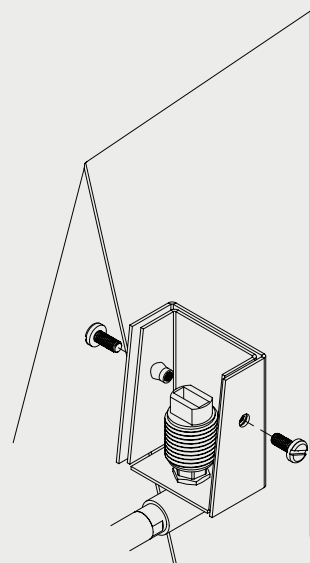

1. **US** Attach the adaptor plate onto the junction box (screws not supplied).

Connect the fixtures electrical cables (trimming excess wire) to the mains cable using a wire nuts (not provided). Make sure all the wires are colour matched and the fixture is earthed correctly.

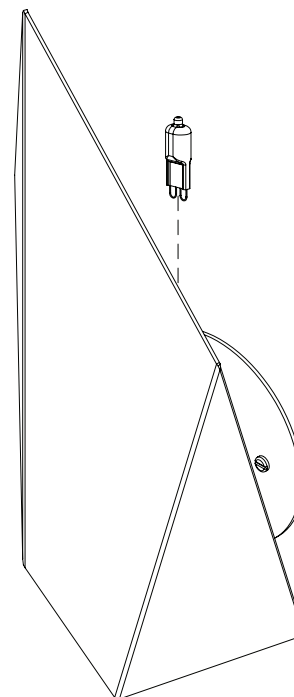

Gently push the electrical connections into the junction box and screw the wall bracket onto the adaptor plate.

2. Attach the Abstract to the wall bracket, securely put the screws into place.

3. Fit the bulb (not supplied).
