Assembly Instructions

dadada

Your baby's first...

We believe every family deserves beautiful spaces, quality construction that spans generations, and the peace of mind that comes with knowing their baby is at the center of everything we do.

dadada is modern nursery furniture designed with baby's first moments in mind. From form to function, base materials to baby-safe finishes, each piece is created to grow alongside little ones and provide parents with a trusted foundation for their family's most precious memories.

what makes us special?

thoughtfully controlled manufacturing

all our cribs are manufactured in Italy in well-established, certified factories that use state-of-the-art modern technologies.

two warranty on our cribs

we guarantee the quality of our products and offer a limited warranty to protect you against product failure or damage.

baby-safe finishes

our paints and stains are ALWAYS lead and phthalate free, and meet strict juvenile and industry safety standards.

affordable luxury

we sell our modern, beautifully designed pieces at attainable prices because we believe that every baby deserves the absolute best in design.

sustainably minded, durable materials

we use hardwoods that are not only aesthetically beautiful, but also strong enough to last generations, reducing the amount of disposable furniture that finds its was to our landfills.

GREENGUARD Gold certified cribs

for indoor-air-emissions testing according to stringent requirements exceeding the State of California indoor air quality for schools and GSA standards.

Thank you for purchasing our product. Please follow these assembly instructions carefully - they will save you time and make assembly easier and prevent possible damage to your new dadada furniture.

We strongly recommend assembling this unit on a soft surface, like carpet or a blanket.

When moving dadada furniture, always lift the product off the floor. Dragging or sliding the furniture can both damage the product and scratch your floors.

⚠ WARNING

Failure to follow these warnings and the instructions could result in death or serious injury.

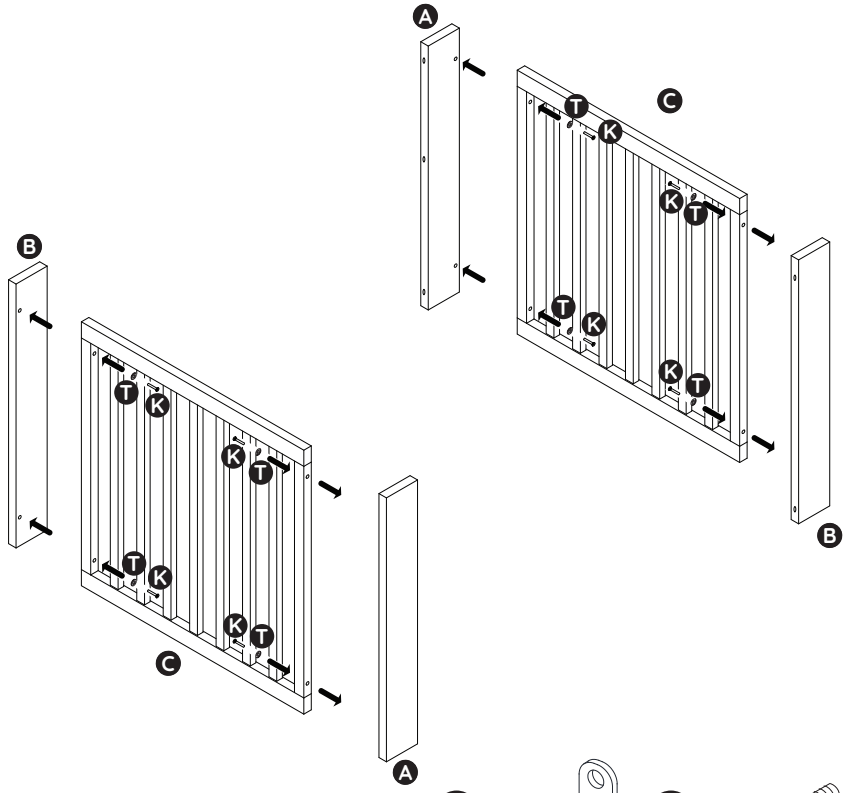

SUFFOCATION HAZARD
Babies have suffocated:

- On pillows, conforters and extra padding.
- In gaps between a wrong size mattress, or extra padding and product sides.
- **NEVER** add soft bedding or padding.
- Use **ONLY** mattress provided by manufacturer.
- Always place baby on back to sleep to reduce the risk of SIDS and suffocation.
- If a sheet is used with the pad, use only the one provided by the product manufacturer or one specifically designed to fit the dimension of the product mattress.

FALL HAZARD: to help prevent falls, do not use this product when the infant begins to push up on hands and knees or has reached 13.2 lbs weight, whichever come first.
