Big plans? Antonius is ready. With a crisp rectangular top and two bold pillar legs, it brings a clean, modern anchor to patios, decks, and dining rooms that like a little structure. The concrete-and-fiber blend delivers that cool stone look while staying easier to move than you’d expect. Use it indoors or out, then cover or bring it in when weather turns. It’s a straightforward gathering spot that feels calm, solid, and always in season.

- Modern Pillar Profile: A strong rectangular top paired with two substantial pillar legs creates a grounded look that reads clean, architectural, and outdoor-ready.
- Concrete Fiber Blend: Made from a high-quality concrete and fiber mix for a stone-like finish with a lighter, more movable feel.
- Stable, Well-Made Form: A wide stance and solid construction help the table feel steady for everyday dining, hosting, and serving moments.
- Indoor-Outdoor Versatility: Suitable for indoor or outdoor use; store inside or cover when not in use during inclement weather to help maintain the finish.
