

Blair Accent Table Rainforest Green Marble

Straight lines, strong feelings. Blair is the kind of accent table that makes a room look instantly more intentional — clean, graphic, and quietly confident. Crafted from solid Rainforest Green marble, it puts the stone front and center, letting earthy color and natural veining do the talking. The square silhouette keeps things contemporary and easy to style, whether it’s beside a sofa or next to your bed. Nature, edited into a neat little statement.

- Clean, Linear Look: A crisp square silhouette with contemporary edges brings order to busy rooms and pairs well with both soft and structured seating.
- Rainforest Green Marble: Solid marble showcases earthy color variation and natural veining, giving every table its own distinctive pattern and mood.
- Stone-First Construction: Crafted as a monolithic form that feels stable and substantial, highlighting the marble’s unique markings from every angle.
- Easy Surface Moment: Works as an accent table, end table, or bedside companion — perfect for a drink, a book, or your everyday essentials.
