Luke Coffee Table Amber

Bridging retro, Mid-Century Modern and contemporary design, the Luke coffee table showcases warm, rich amber glass, reminiscent of vintage furniture, set in a modern chunky frame. Durable and more scratch and dirt-resistant than clear glass, this piece softens the light for an inviting, lasting appeal.

- Rubber wood base features bullnose edges that soften the overall look
- Tabletop thickness of 12mm (0.47") that is durable but not heavy
