

Pax Outdoor Coffee Table Natural

Gather round — Pax likes a little elbow room. A playful, splayed tapered base meets a calm stone top, giving your outdoor setup structure without feeling stiff. Crafted in Indonesia with locally sourced teak and travertine, it mixes warm grain and cool veining, while visible joinery supports the surface with quiet confidence. Weather-ready outside and polished enough for inside, it’s a landing pad for snacks, cards, and bare feet. Set it center stage; everything else can relax.

- Relaxed Modern Profile: Splayed tapered legs create a modern coffee table with a friendly, open posture that keeps lounge areas feeling airy outside.
- Teak And Travertine: Locally sourced Indonesian teak grounds the base with warm grain, while a natural travertine top brings cool veining and contrast.
- Confident Joinery Lines: Visible support joinery strengthens the frame under the top, adding stability and a subtle reminder that this piece is well-made.
- Easy Everyday Landing: Weather-ready materials stand up to outdoor living, and the smooth stone surface wipes clean fast after snacks, spills, and sunsets.
