

Walker Side Table

Small table, big sense of ease. The Walker Side Table keeps the room feeling open with a light profile and a little extra texture where it counts. A clear glass top gives that floating effect —so the layered paper cord base stays in view, adding subtle pattern without visual noise. Warm acacia wood brings the structure and keeps the look grounded. It's an effortless companion piece: calm, functional, and never in the way.

- Light Visual Footprint: A clear tempered glass top creates an airy, floating look that keeps spaces feeling open and lets the base design shine through.
- Warm Material Blend: Acacia wood, paper cord, and glass balance natural texture with a clean finish for a look that feels relaxed and considered.
- Craft-Led Detail: Layered paper cord wrapping adds subtle pattern and depth, bringing a handcrafted note that softens the table's modern lines.
- Easy Everyday Use: The smooth glass surface offers a practical spot for drinks and books while maintaining a clean look that's simple to wipe down.
