

Swift Modular Sofa Dark Green

Big lounge energy, smart delivery. Swift is a contemporary modular sofa designed for everyday living—plush enough to sink into, practical enough to fit your life (and your doorway). Its ultra-soft, PFAS-free C0 performance fabric keeps things durable, while foam, feather, and fiber fill cushions bring that “stay awhile” comfort. Knock-down construction ships in smaller parcels and fully assembles at home, with back and arms secured by metal interlocking brackets. Bonus: lumbar cushions store neatly in the seat base.

- Contemporary Modular Profile: A clean, everyday-living silhouette in Dark Green keeps the look current, with flexible modular pieces that suit apartments or larger rooms.
- PFAS-Free Performance Fabric: 100% polyester upholstery with PFAS-free, C0 performance treatment is soft, durable, and better suited to real-life messes and wear.
- Plush Layered Cushions: Foam, feather, and fiber fill in the seat and back cushions create sink-in comfort, made for lounging without feeling overly precious.
- Easy KD Assembly: Knock-down construction supports small-parcel shipping, with full assembly required and metal interlocking brackets connecting the back and arms securely.
