Goodwin Corner Chair Cognac

The corner that turns separate seats into one modular whole. Oversized rounded arms and a low, angled profile give the Goodwin corner chair a sculptural, vintage-modern stance while anchoring the turn in a modular layout. Warm cognac-toned upholstery develops character through tone and soft texture, layered over foam, feather, and faux-feather fill for a soft, lived-in feel. The piece that lets the Goodwin composition bend around the room.

- Anchors the Turn: Oversized rounded arms and a low, angled profile give the corner chair a sculptural stance while tying the modular layout around the corner.
- Cognac Upholstery: Warm cognac-toned upholstery wraps the frame in soft texture, developing a relaxed, lived-in character through tone, touch, and everyday use.
- Soft, Lived-In Fill: Foam, feather, and faux-feather fill over a webbed seat keeps the sit soft and relaxed, holding its lived-in comfort over time.
- Modular Cornerstone: As the corner module, it links Goodwin pieces into an L-shape or larger composition, adapting the seating to your room's exact shape.
