

Post Queen Bed Natural Oak Dark Green

Four sculptural oak posts that round off every corner. Those rounded profiles frame a fully upholstered headboard, giving the Post bed a contemporary silhouette with foundational, everyday ease. A warm natural oak finish highlights the organic grain, while deep dark green upholstery and foam-and-fiber fill bring textile warmth against the exposed wood. A calm, grounded frame where warm oak meets a deep, restful green tone.

- **Rounded Corner Posts:** Oversized rounded posts at all four corners give the bed a sculptural, contemporary silhouette that anchors the room with quiet architectural presence.
- **Oak Meets Green:** Solid oak posts in a warm natural finish pair with a deep dark green upholstered headboard, balancing exposed wood grain against textile warmth.
- **Fully Upholstered Headboard:** The headboard is fully upholstered front and back over foam-and-fiber fill, staying polished from every angle even when the bed floats off the wall.
- **Mattress-Ready Design:** Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
