wall light

1. Product Overview

Metallic wall-mounted lamp for ambient lighting, available only in indoor version. Includes an embedded aluminium optic lens with a 30° beam angle and an integrated LED, projecting direct light through a fixed cylindrical tube enclosing the light source.

2. Finishes & Materials

61 Satin Gold
88 Grey Stone
96 Anthracite

3. Light Source & Dimming

Lamping

LED 6.2W (2700K / Ang. 30° / >90 CRI / 350mA)

120V / Typ 652 lumens

Non Dimmable

*Integrated LED module (included).

4. Installation

Recessed canopy with remote driver

30° beam angle

Architectural optic conceals the LED source within a conical aluminium lens. It projects light exclusively downward (no lateral emission).

6. Certifications & Standards

Warranty: 1 year
100% made in Spain

Estiluz products are guaranteed against manufacturing defect for one year from date of delivery. Estiluz products with integral LED modules and drivers are guaranteed against manufacturing defects for five years from date of delivery. This guarantee is limited to replacement of defective material and does not include any labor, expenses or damages contingent or incidental thereto. This warranty does not apply to products damaged due to accident, tampering, misuse or abuse.

7. Maintenance & Cleaning

Our lighting fixtures are crafted with high-quality materials and finishes to ensure durability and timeless elegance. To maintain their original beauty, please follow these care recommendations:

1. Regular cleaning: Dust the fixture regularly using a soft, dry microfiber cloth to prevent buildup.
2. For deeper cleaning: If necessary, use a slightly damp cloth with clean water. Always dry the surface immediately with a dry cloth.
3. Avoid harsh products: Do not use alcohol, abrasive cleaners, solvents, or detergents, as they may damage the finish and alter the appearance.

In case of failure, LEDs can be easily replaced.
