We create the foundations
of your home to inspire
the stories of your life.

For more than 25 years, we have been creating timeless furniture and accessories manufactured from quality materials. True to our values, we have maintained our goal to produce good design, distinguished by authenticity, simplicity and quality, as well as creativity and innovation. We rely on our unique expertise to create singular designs ready to embellish your daily life durably.

We create collections for every room or space: from the furniture that defines the purpose of an area to the objects that layer it with meaning. Nothing excites us more than seeing how people love and use our products in the stories of their lives.

All of our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be passed on from one home to the next, carrying over the stories of one lifetime to another.

The faces
behind
our designs

Alain van Havre

“I’m obsessed with the freedom of movement in general, which is why I strive to escape the static in my designs and add dynamism to compositions.”

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Pl, Abstract and Mikado.

He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years, Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.

Dawn Sweitzer

An overflow of creative energy and a profound interest in the world of craftsmanship is what jump-started Dawn Sweitzer’s journey as an artist. Her works are expressions based on travel, enriching cultures, textures within the landscape, photography, food and fashion. There is no fixed formula to how designs are conceived — they blend ideas, they reference vintage with modern. Within her beautiful North Carolina studio, Dawn works, plays and discovers in a variety of media: paint, woven textiles, mirrors and glass, home accessories and décor.

Carlo Massoud

The exploration of new and unknown places is key to Carlo Massoud’s creations. Through these, he finds new stories to share through collaborations with local artisans and designers, creating a global narrative that stems from unique associations of people, cultures, and materials. His remarkable work is the result of his relentless questioning of social, political, cultural, and environmental norms, often pushing viewers to question their knowledge of the subject. This approach leads them toward thought-inducing confusion and provocation.

Ethnicraft Atelier, Indonesia

Committed to connecting the dots between great design and the intelligence of the hand, the importance of authentic craftsmanship has been a cornerstone for Ethnicraft since the very beginning. As with the workshops of the masters from years before, every collection within this specialised atelier is the result of a meticulous creation process: from the design concepts to product development, to the artisans who bring the original drawings to life.

While conserving and fostering traditional crafting methods, we work to make the most out of each and every piece, with respect for the material of wood, considered as a precious resource.

Ashtari Carpets

With an obsession for the character of handspun wool, family-owned Ashtari form the connection between past and present, craftsmanship and aesthetic with their Persian carpets. Each creation carries the traditional techniques from more than 150 years of family knowledge, delivering a richness of colour, variety of spectacular artistic patterns and quality of design. Today, with a desire to become a curator of original and extraordinary rug designs, Ashtari specialise in modern decorative carpets and select rare antique carpets, often partnering with other designers, artists, product developers, architects, textile designers and influencers. Ethnicraft's rug collection has been created in collaboration with Ashtari.

“There is a unique beauty in handspun wool that celebrates the imperfections and irregularities that appear in nature.”

Material icons

You may come across these icons within this catalogue.

Oiled

The items marked with this icon are finished with a natural oil. Visit page 192 for more information on how to care for our oiled furniture.

Varnished

The items marked with this icon are finished with varnish. Visit page 192 for more information on how to care for our varnished furniture.

Brushed

The items marked with this icon are brushed. This finishing gives our furniture more depth. The rougher surface highlights the grain of the wood.

Natural

The items marked with this icon come without any finishing or protective treatment applied to the surface. A natural finish enhances the inherent beauty of the material but can require more maintenance. Visit page 192 for more information on how to care for our natural wood furniture.

The items marked with this icon carry the FSC® label. Visit page 190 for more information on the organisation that promotes responsible management of the world's forests.

Trays

Specifically designed and released to mix and match within collections, create a tray table set by selecting from our perfect combinations, or by forming your own pairing. Placing and replacing trays to tray tables is simple with our specially designed bases.

Natural materials and artisanal qualities with a twist

Trays also function as décor or serve ware, or even as art when placed on a wall. Layer in texture, play with pattern combinations to suit the season or your mood, or just because you want to.

How it works

Adaptability, versatility and personalisation have never been easier.

Adding and removing trays is simple with our specially designed tray table bases. With secure base plates, no fixing is required. Trays fit securely in place.

Classics collection

The Classics collection experiments with the balance between rich, natural patterns offset with muted tones, revealing the beauty behind the deceptively ordinary subjects from which inspiration is drawn.

Wabi Sabi collection

Wabi Sabi is inspired by nature, where vistas transform into layered watercolour paintings. Sky blues, grey and mist colours layer the horizon, and as the sun sets, a whole new palette with warm autumn hues appear.

Translucent Silhouettes collection

Translucent Silhouettes artfully layer organic dots atop an aged surface, creating a sense of depth and allowing dynamic combinations to blossom. While the overall result is bold, a lightness is conveyed with delicate inks and pigments.

Valet trays

Bold colours, patterns and textures enclose neatly within slim edges, framing the design like a work of art. Each valet tray's compact size allows for endless versatility. Placed in the hallway, it's a key holder. In the bathroom, it's a jewellery tray. On a coffee table, a decorative conversation starter. Valet trays are stylish accent pieces in any space.

Our sustainability commitment

We believe that durability and sustainability start with choosing the right quality material, and wooden products are particularly suited for refurbishment.

As a vertically integrated company, we know we are in a unique position to contribute to a sustainable shift in the industry. From design to the sourcing of raw materials, packaging and testing, we pay great attention to environmental protection and consumer safety throughout the product-development process. As a company, we work to minimise waste and close the loop toward circularity. Together with our Partners, we strive to do our humble share. Just as society and the industry evolve, so do we. We know there is no finish line in this journey and continue our efforts to constantly improve our products and operations.

DURABILITY BY DESIGN

We pay particular attention to the quality of our products, not only during the development stage, but throughout the entire life cycle. We believe that durability and sustainability start with choosing the right quality material, and wooden products are particularly suited for refurbishment. Our team is always available to advise on how to care for products and thus extend their lifespan, as well as how to repair them. When developing new products, we consider reparability at the earliest design stage. Where possible, we provide spare parts to further extend the life of our products.

THE ORIGIN OF OUR WOOD

The ultimate noble and renewable material, all our wood is sourced from responsibly and carefully managed forests compliant with the EU Timber Regulations and the Forest Law Enforcement, Governance and Trade (FLEGT) Action Plan. In addition, our wood sourced from Indonesia is verified under the Indonesian Timber Legality Assurance System (SVLK). Our teak collection includes products certified as FSC® which are clearly labelled in the catalogue. Finally, we carry the FSC® CoC (Chain of Custody) certification of our distribution centres.

FOCUS ON QUALITY

Producing furniture and accessories at the highest quality, strength and safety is extremely important to us. Our internal protocols are based on the standards set by ANSI (American National Standards Institute) and BIFMA (North American Business and Institutional Furniture Manufacturers Association). Moreover, specific products within our collections are certified by independent external facilities in order to meet the European requirements for contract-grade use. Products also meet specific requirements based around ecological and health regulations such as toxic substance use and flammability.

WASTE REDUCTION AND CIRCULARITY

We want to remain as environmentally friendly as possible, working to reduce waste from the earliest design stage. With this principle, we design to reduce or reuse as much scrap wood as possible. Production waste such as leftover logs, wood and sawdust are reused for other purposes. With full control over the (re)design, production, distribution, refurbishing and recycling processes, we are developing a vision for sustainability based on designing for circularity and lengthening product lifespans.

How to care for our products

About natural materials

The beauty of natural materials lies in its peculiarities and imperfections. That is what separates true beauty from the artificial. Variations in wood grain and colour, knots, medullary rays and other natural characteristics are inherent in solid wood. These are far from flaws, but an intricate part of its character. Natural stone can also have minor pitting or surface fissures. We believe that these imperfections contribute to the charm of Ethnicraft products.

Wood, like any other natural and porous material, continues to absorb and release humidity throughout its life. Although Ethnicraft designs furniture that adapts well to the hydrometric conditions of its environment, some cracking or movement may occur. Please do not be alarmed, this is a normal response to the furniture's environment.

TIMELESS DESIGN

All our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be moved from one space to the next, carrying over the stories of one lifetime into another. Our collections go back to the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully.

CRAFTSMANSHIP

Outstanding craftsmanship is at the core of our brand, and behind the simplicity of our pieces lies a constant drive for innovation. Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflect our design values.

General care & maintenance tips

- 01** Recommended humidity in the room for interior products: between 40 and 60%.
- 02** Ideal room temperature: between 21°C/70°F and not below 14°C/57°F.
- 03** Do not drag the furniture along the floor; always lift the furniture when moving.
- 04** Avoid exposure to extreme conditions: do not place furniture or accessories near heating sources or air-conditioned spaces.
- 05** To prevent staining, we recommend that any spills are removed immediately.

- 06** When cleaning the surface, always work in the direction of the wood grain.
- 07** Use placemats and/or coasters to prevent hot pots and pans, or cold glasses and bottles, from damaging items.
- 08** Always ensure water and solutions used to clean the floor do not come into contact with the furniture's base, as it might leave permanent marks. For items that feature rubber glides, avoid alcohol-based cleaners on floors they are in direct contact with.

- 09** Indoor products are not intended for outdoor use. An outdoor product will always indicate so in its name. Last but not least, we always recommend to carefully read the care instructions specific to your item.
- 10** To prevent colour differences, do not place furniture or accessories in direct sunlight, and move objects placed on the furniture from time to time. Open extendable tables on a regular basis.

Trays & tray tables

Trays are intended for decorative and everyday use. They are not to be used in a setting such as, but not limited to, restaurants where they are exposed to constant washing, repetitive handling and service of heavy items. Always use coasters to prevent hot surfaces from leaving marks or damaging trays

GLASS & MIRROR

Wipe the glass or mirror surface with warm water or a neutral glass cleaner and soft cloth.

BOWLS & BOARDS

Our bowls and boards are finished with a food-safe varnish. This means they will not contaminate any solid or dry foods they come in contact with.

LIGHTING

Dust regularly using a dry, soft, lint-free cloth or fine brush. Use gentle strokes and avoid vigorous rubbing

All woods, hard surfaces & materials

REGULAR CARE

For dusting, use a dry cloth. For cleaning, or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft, clean cloth to prevent spotting.

It is always recommended to protect any surfaces with coasters, mousepads or placemats. Repetitive daily use or heat can damage the finish. Always move objects such as flowerpots, vases, etc., from time to time. Ensure any excess water or dampness is wiped dry immediately to prevent marking the surface.

Home textiles

CUSHIONS AND THROWS

Always refer to the care label or leaflet specific to your product as some items are not to be washed, in which case we recommend dry cleaning only. Pilling is the result of excess fibre on the fabric or from external sources. This is not a defect but a characteristic of many textiles. To remove pilling, we recommend using an antipilling machine.

SPOT CLEANING HOME TEXTILES:

- Attend to spills immediately.
- Blot up excess moisture of the spill as soon as possible with a clean, dry, white cloth. Do not rub.
- Blot up the stain with a clean, slightly damp white cloth, working from the outer edge to the centre of the stain.
- Remove any dry or solid matter (food, etc.) by scraping excess away with a spoon. Do not rub.
- Use a hair dryer on the lowest heat setting to evenly dry the fabric and prevent moisture rings.
- Never use any chemical products on our textiles

RUGS

All of our rugs are handwoven or handknotted on a traditional loom. As these finishes are not machine programmed, nuances in the size and colour variations are to be expected.

The naturally occurring high oil content of wool makes these rugs incredibly durable, dirt and moisture resistant.

Due to this handcrafted nature, the occasional loose end that starts to come undone is expected. If this does occur, do not pull or cut it. Instead, gently push or tie it back into the weave.

For our Indoor/Outdoor rugs, the soft and sustainable PET yarn is also incredibly durable, suited for both indoor and outdoor use. It is lightweight, stain resistant and very easy to care for. While being produced to be UV resistant, prolonged exposure to sunlight should still be avoided.
