

MAR H290 pendant lamp *by HÉCTOR SERRANO*
Ref. 20404

The MAR Hcollection of pendant lights designed by Héctor Serrano is inspired by the shapes of sea urchin shells. The shade is made from recycled fishing nets, hence the characteristic green shade. A combination of sustainability and 3D printing. The MAR H290 light can be placed individually or combined with the other models in the collection to create compositions of unique pieces that illuminate with style and an environmental conscience.
