1.1

GENERATION LIGHTING

Outdoor

GENERAL PRODUCT INFORMATION:

This product is safety listed for wet locations.

This instruction shows a typical installation.

CAUTION - RISK OF FIRE

This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Use minimum 90°C supply conductors.

- 1** Connect the fixture to a suitable ground in accordance to local electrical codes.
- 2** Connect the white fixture wire to the neutral power line wire with a wire nut.
- 3** Connect the black fixture wire to the hot power line wire with a wire nut.
- 4** Secure the fixture to the post with the post screws making sure to neatly tuck in all wiring.
- 5** Install the outer glass panels by sliding them into the fixture and secure them using the clips.
- 6** Place the diffuser over the LED assembly and secure it in place by installing the diffuser cover to the LED assembly using the thumb screws.
- 7** Place the cover onto the fixture and secure it using the cover screws.
