

HUXE

Hawkins LED Flush Mount by HUXE

The Hawkins LED Flush Mount from Huxe is beautifully minimalist yet makes a confident design statement, bringing a refined, sophisticated presence to any room. This flush mount features a slim, architectural design that blends well with its surroundings. A lightweight polycarbonate frame houses an integrated LED module, while a diffusing lens softens the light for smooth, even illumination. It's an ideal finishing touch for thoughtfully curated contemporary interiors, from hallways and bedrooms to kitchens and living spaces.
