

Gus* Modern Spring 2024 Collection

Sola Bisectional

W121.5 D121.5 H31 Seat H17 (in)

W308 D308 H79 Seat H43 (cm)

The cloud-like Sola Bi-Sectional is an open invitation to lounge. Embodying the ease of coastal living in a design inspired equally by contemporary Italian design and mid-century classics, Sola is perfect for entertaining or enjoying an afternoon siesta. A plush, expansive seating area, and back cushions filled with our signature, eco-friendly PET fill (made from recycled plastic spun into billowy, synthetic down) means an extra cozy experience. French-seam detailing, stepped arms, and inset legs all subtly contribute to a feeling of weightlessness that will beckon you to sink in after a long day.

- Reversible back cushions contain an eco-friendly, synthetic-down fill made from 1039 recycled plastic water bottles.
- Reversible seat cushions are crafted with high resiliency medium density foam covered in a Dacron wrap.
- French-seam detailing on all seat and back cushions.
- Kiln-dried, hardwood inner frame with No-Sag, sinuous spring suspension system.
- Each component includes concealed connectors to securely join them to each other while in formation.
- Inset, non-marking feet.
- All joints have been stress tested.
- Manufactured to comply with California Prop Phase 2 standards.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- All fabric is California TB117-2013 certified and double rub tested.

Highline Sofa

W86 D36 H34 Seat H18.5 (in)

W218 D91 H86 Seat H47 (cm)

The Highline Sofa pairs elegant proportions with industrial details and eco-friendly materials to create a design that will elevate any room. Gracefully curved arms, a slimline frame, French-seam detailing, and loose, luxurious cushions all contrast architectural legs to conjure an aesthetic which is both timeless and contemporary. The back cushions use our signature, eco-friendly synthetic-down - a material that is created through a process that benefits the environment by diverting plastic bottles away from landfills, waterways and oceans. The sofa frame is constructed with durable, kiln-dried FSC®-Certified hardwood in support of responsible forest management.

- Reversible back cushions contain an eco-friendly, synthetic-down fill made from 591 recycled plastic water bottles.
- Reversible seat cushions are crafted with high resiliency medium density foam covered in a Dacron wrap.
- Piped seam detailing on arms and back.
- A slim platform gives the illusion of the design sitting higher off the ground.
- Durable inner frame constructed with steel and kiln-dried, 100% FSC® Certified hardwood, in support of responsible forest management (FSC® 092551).
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.
- No-Sag, sinuous spring suspension system.
- All joints have been stress tested.
- Manufactured to comply with California Prop Phase 2 standards.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- All fabric is California TB117-2013 certified and double rub tested.

Highline Chair

W38 D36 H34 Seat H18.5 (in)

W97 D91 H86 Seat H47 (cm)

The Highline Chair pairs elegant proportions with industrial details and eco-friendly materials to create a design that will elevate any room. The back cushions use our signature, eco-friendly synthetic-down - a material that is created through a process that benefits the environment by diverting plastic bottles away from landfills, waterways and oceans. The sofa frame is constructed with durable, kiln-dried FSC®-Certified hardwood in support of responsible forest management.

- Reversible back cushion contains an eco-friendly, synthetic-down fill made from 205 recycled plastic water bottles.
- Reversible seat cushion is crafted with high resiliency medium density foam covered in a Dacron wrap.

- Piped seam detailing on arms and back.
- A slim platform gives the illusion of the design sitting higher off the ground.
- Durable inner frame constructed with steel and kiln-dried, 100% FSC® Certified hardwood, in support of responsible forest management (FSC® 092551).
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.
- No-Sag, sinuous spring suspension system.
- All joints have been stress tested.
- Manufactured to comply with California Prop Phase 2 standards.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- All fabric is California TB117-2013 certified and double rub tested.

Draft Task Chair

W21.5 D17.5 H32-35.5 Seat H17.5-21 (in)

W54 D45 H81-90 Seat H44-53 (cm)

At your home office or corporate HQ, the Draft Task Chair is a minimalist marvel with style and functionality at its core. Covered in a soft-touch suede-like fabric, the molded seat and back piece creates a seamless look that maximizes comfort for all-day use. Black metal tubing traces a continuous line from arms to back and coordinates with the durably engineered, yet lightweight steel base. And if that's not enough, this do-it-all chair offers height adjustability, a tiltable back, and a smooth 360-degree swivel rotation to glide you through the busiest of work weeks with ease.

- Height-adjustable via a smooth, gas lift mechanism.
- 360 degree smooth swivel rotation.
- Adjustable, tiltable back for custom comfort.
- 5-star, powder-coated steel base with smooth castors.
- Fully upholstered seat and back.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- All fabric is California TB117-2013 certified and double rub tested.
- Passed and complies with the requirements of ANSI/BIFMA X5.1 2017
- Assembles easily with provided hardware.

Wyatt Sling Chair

W28 D29.5 H30.5 Seat H13.5 (in)

W71 D75 H77 Seat H34 (cm)

The Wyatt Sling Chair marries high-design with honest, raw materials to showcase an original design that's engineered for comfort. Suspended over an ergonomic black metal frame with contrasting solid wood arm rests, the vegetable-tanned leather sling creates a sculptural shape that is infinitely inviting. Using age-old techniques and chemical-free, eco-friendly dyes, the tanning process results in a soft leather that cradles the body. Over time, the sling will darken and develop a distinctive, natural patina that adds to this chair's singular charm. A versatile statement-maker, Wyatt is destined to be a household or workplace classic.

- 100% vegetable tanned belt-leather sling.
- Tanned leather will gradually darken from a light tan to rich caramel over a period of 6-12 months and the rate of change will vary with exposure to sunlight.
- Tanned leather will change colour in areas that are exposed to water or oil from hands. This is normal and over time will contribute to a rich patina that makes the chair unique.
- Leather sling will soften over time with use.
- Our leathers may have distinct surface characteristics, natural markings, and colour variations which differ from hide to hide and from one product to another, making each leather product unique.
- Tubular, powder-coated steel frame construction.
- Felt pads on feet to prevent floor damage.
- Solid wood arms are 100% FSC® Certified Ash, in support of responsible forest management (FSC® 092551).
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.

Monument End Table

W16 D16 H21 (in)

W41 D41 H54 (cm)

The Monument End Table ticks all the boxes of contemporary modern style with its sculptural, functional, and sustainable approach to design. This versatile, handsome accent can be nested with sofas and coffee tables or be used as an end table or stool according to your needs. Stylishly integrated shelves provide a way to keep all the essentials – from phones to remotes – neatly tucked away, yet within reach. The warm tiled grain of sustainable bamboo plywood adds organic, visual dimension while seamlessly complementing the visible joinery.

- 100% renewable bamboo plywood construction.
- Clear coat finish.
- Designed to nest with most sofas, sectionals or coffee tables.
- Can also be used as additional seating.
- Non-marking tack glide feet.

Munro Credenza

W72 D18 H23.5 (in)

W183 D46 H60 (cm)

Our bespoke Munro Credenza is the ideal place to keep your favorite treasures safely tucked away. Fluted glass doors allow you to admire what's within while maintaining an air of mystery and two adjustable interior shelves give you the flexibility to find an arrangement that works for you. Considered design elements like soft-close doors, magnetic closures, and recessed handles prove no detail is too small. The options are truly endless for a piece this versatile - use it to store your heirloom dishware in the dining room, or as a tasteful catch-all to keep things tidy in the living room. Choose from Walnut or Oak, each with a Zero-VOC, hand-rubbed matte finish, thoughtfully selected to highlight the unique, organic beauty of the wood grain. Solid wood edge details and solid steel legs mean that this credenza is built to last – a good thing because Munro's classic, minimalist ethos will never go out of style.

- It is normal for solid wood to expand and shrink as a result of variations in environmental humidity. A consistent humidity level of approximately 50% is recommended to prevent cracks and surface splits.
- Main structure is constructed with engineered wood core for strength and stability, surface-faced with real wood veneer.
- Features 2 doors with ¼" fluted glass inlay, surrounded by solid wood frames.
- Soft close doors, magnetic closures, recessed finger pulls and adjustable hinge hardware.
- Doors reveal 2 storage compartments, each with an adjustable shelf for efficient storage space.
- Credenza is finished in Rubio® Monocoat - a durable, matte, oil-based protector designed to highlight the beauty of natural wood.
- Wood finish is certified 0% VOC and is an all-natural, environmentally friendly product.
- Surface can be revitalized as desired. Visit Rubio® Monocoat website for more information.
- Powder-coated black steel legs.
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.
- Assembles easily with provided hardware.
- CARB (California Air Resources Board) Phase II compliant.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.

Munro Media Stand

W59 D18 H23.5 (in)

W150 D46 H60 (cm)

Our bespoke Munro Media Stand is the ideal platform for your television, record player or media consoles. Sliding, fluted glass doors allow you to admire what's within while maintaining an air of mystery. Back panel openings for cable management mean that you can showcase your hi-fi components without displaying unsightly mess. Choose from Walnut or Oak, each with a Zero-VOC, hand-rubbed matte finish, thoughtfully selected to highlight the unique, organic beauty of the wood grain. Solid wood edge details and solid steel legs mean that this media stand is built to last – a good thing because Munro's classic, minimalist ethos will never go out of style.

- It is normal for solid wood to expand and shrink as a result of variations in environmental humidity. A consistent humidity level of approximately 50% is recommended to prevent cracks and surface splits.
- Main structure is constructed with engineered wood core for strength and stability, surface-faced with real wood veneer.
- Features 2 doors with ¼" fluted glass inlay, surrounded by solid wood frames.
- Sliding doors reveal 2 storage compartments.
- Smooth gliding doors run on an aluminum track and can be positioned for convenient access and concealment with the aid of magnetic closures.
- 2 concealed openings in back panel for cable management.
- Media Stand is finished in Rubio® Monocoat - a durable, matte, oil-based protector designed to highlight the beauty of natural wood.
- Wood finish is certified 0% VOC and is an all-natural, environmentally friendly product.
- Surface can be revitalized as desired. Visit Rubio® Monocoat website for more information.
- Powder-coated black steel legs.
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.

Manifold Square Coffee Table

W34 D35 H15 (in)

W86 D89 H38 (cm)

Bauhaus-inspired design gets a contemporary update with the Manifold collection. Featuring elegant, clean-lined tables that can stand alone or nest together, the well-considered silhouettes optimize space with innovative design compatibility. The square coffee table serves as an ideal companion for sectionals or a grouping of armchairs, bringing people together for meaningful interaction. While the tabletop provides ample space to spread out, the slender metal legs contribute to an overall light, sleek aesthetic. Available in two combinations—Blonde Ash with Brass or Walnut with Pewter – each with the promise to elevate your space.

- For strength and stability, table surface is a plywood core with real wood veneer in ash or walnut.
- Water-based, clear coat finish.
- Pewter and brass finish are vacuum-plated onto steel tubular legs.
- Brushed finish is durable and easy to maintain.
- Leveling, non-marking feet.
- Designed to nest with the Manifold Rectangular Coffee Table.
- Assembles easily with provided hardware.

Manifold Rectangular Coffee Table

W44 D21.5 H11.5 (in)

W111 D55 H29 (cm)

Bauhaus industrial design gets a contemporary update with the Manifold collection. Featuring elegant, clean-lined tables that can stand alone or nest together, the well-considered silhouettes optimize space with innovative design compatibility. Designed to complement larger sofas in living or office spaces, the rectangular coffee table features a low profile and a long wood tabletop. While it provides ample space to spread out, the slender metal legs contribute to an overall light, sleek aesthetic. Available in two combinations—Blonde Ash with Brass or Walnut with Pewter – each with the promise to elevate your space.

- For strength and stability, table surface is a plywood core with real wood veneer in ash or walnut.
- Water-based, clear coat finish.
- Pewter and brass finish are vacuum-plated onto steel tubular legs.
- Brushed finish is durable and easy to maintain.
- Leveling, non-marking feet.
- Designed to nest with the Manifold Square Coffee Table and Manifold End Table.
- Assembles easily with provided hardware.

Manifold End Table

W24.5 D15 H19 (in)

W62 D38 H48 (cm)

Bauhaus industrial design gets a contemporary update with the Manifold collection. Featuring elegant, clean-lined tables that can stand alone or nest together, the well-considered silhouettes optimize space with innovative design compatibility. Featuring natural wood and steel elements, this sleek end table stands as the perfect side-kick to sofas, sectionals, beds and chairs. While the tabletop provides space to spread out, the slender metal legs contribute to an overall light, sleek aesthetic. Available in two combinations - Blonde Ash with Brass or Walnut with Pewter – each with the promise to elevate your space.

- For strength and stability, table surface is a plywood core with real wood veneer in ash or walnut.
- Water-based, clear coat finish.
- Pewter and brass finish are vacuum-plated onto steel tubular legs.
- Brushed finish is durable and easy to maintain.
- Leveling, non-marking feet.
- Designed to nest with the Manifold Rectangular Coffee Table.
- Assembles easily with provided hardware.

Bancroft Round Table

W47 D47 H29.5 (in)

W120 D120 H75 (cm)

We ask a lot of our dining tables. They must be beautiful, purposeful, and - above all - worthy of the moments we share around them. The Bancroft Round Table lives up to that tall order. Combining the best of modern and Scandinavian design, it's void of any harsh lines, with subtly curved legs and a rounded top that strikes just the right style note. With a small footprint, it fits perfectly in compact spaces while still having room enough for four. The white oak or walnut top are perfect for laying out all manner of dinner delicacies. Solid wood construction - finished by hand with a beautiful matte stain - ensures that this heirloom-worthy piece will serve as a gathering place upon which you can create memories for years to come.

- Rounded tabletop and legs are constructed with solid wood.
- Table is finished in Rubio® Monocoat - a durable, matte, oil-based protector designed to highlight the beauty of natural wood.
- Wood finish is certified 0% VOC and is an all-natural, environmentally friendly product.
- Surface can be revitalized as desired. Visit Rubio® Monocoat website for more information.
- Bumpers on the bottom of legs to protect hardwood floors.
- Assembles easily with provided hardware.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
- It is normal for solid wood to expand and shrink as a result of variations in environmental humidity. A consistent humidity level of approximately 50% is recommended to prevent cracks and surface splits.
