

Portico Square Coffee Table

Classic
Walnut

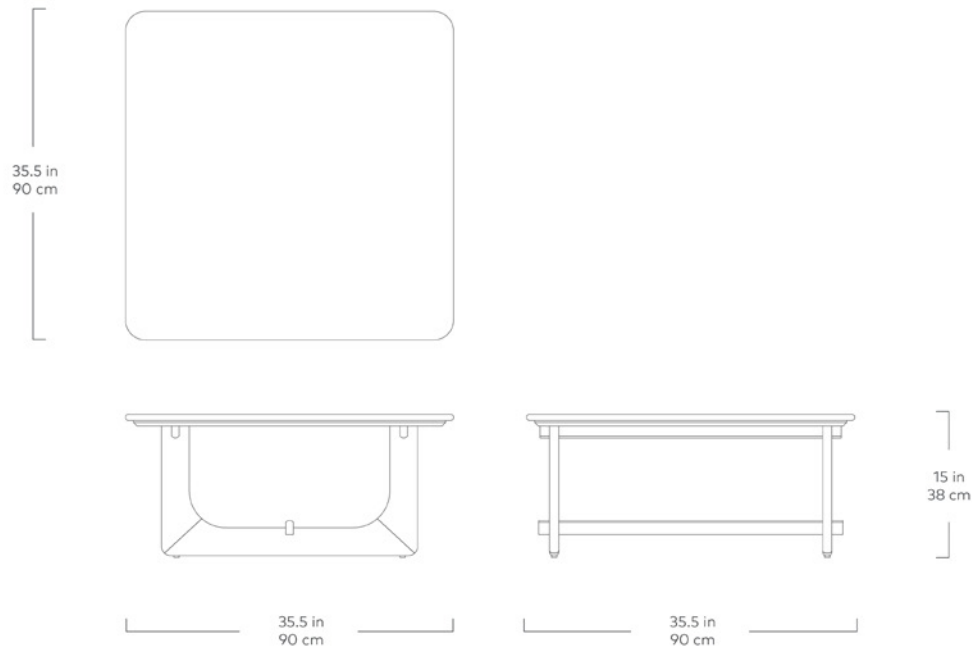

White
Oak

The Portico Coffee Table showcases an alluring travertine slab surface and elegantly crafted solid wood base in Walnut or White Oak. The warm, natural travertine grain creates an organic beauty that is unique to each design, reinforced by gently curved corners. These curves are mirrored in the base - with graceful forms and thoughtful proportions that blend the materials into a unified, sculptural accent. The Portico Coffee Table is available in square or rectangular size. Also available as an End Table.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Portico Square Coffee Table

- Indoor use only.
- Do not use harsh chemicals to clean. Address spills immediately with a soft cloth to prevent staining. Use a mild solution of PH neutral stone cleaner and warm water.
- Travertine is a natural stone, which means each piece is inherently unique, showcasing its own veining, color variations, and slight surface pits. Smaller pits are left untouched to preserve the stone's natural beauty, while larger holes are carefully filled. These natural characteristics give each table its own charm and make it a truly one-of-a-kind piece.
- Product images are a representation. Each travertine top will be one-of-a-kind and may vary significantly from what is shown.
- Rounded corners on honed travertine tabletop soften the table edges.
- Solid wood base.
- It is normal for solid wood to expand and shrink as a result of variations in environmental humidity. A consistent humidity level of approximately 50% is recommended to prevent cracks and surface splits.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
- Wood base is finished in Rubio® Monocoat - a durable, matte, oil-based protector designed to highlight the beauty of natural wood. Surface can be revitalized as desired. Visit Rubio® Monocoat website for more information.
- Wood finish is certified 0% VOC and is an all-natural, environmentally friendly product.
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.
- Light assembly required.
