

# Sola Bi-Sectional

## ASSEMBLY INSTRUCTIONS

**KEEP ALL PACKAGING MATERIALS UNTIL YOU HAVE VERIFIED ALL COMPONENTS AND PARTS**

1. Locate each sectional connector clip and rotate outwards so the clip is perpendicular with the edge of the sectional component.
2. Align the clip with the post on each component, and push together until they lock in place.
3. Place all the seat cushions on the sectional once all the components are connected.

To help maintain the appearance of your sectional, we recommend spot cleaning the upholstery with a gentle soap and water. The legs can be cleaned with a damp, soft cloth. Do not use abrasive cleaning products. Depending on use, it may be necessary to tighten the legs periodically to maximize stability.
