

The DUCK-DUCK Lamp [XL]™

The DUCK-DUCK Lamp™ designed by Marke Newton is a fun lantern for kids and grown ups alike who will find in this object all the fun of childhood, reminiscent of a happy bath time or the popular fairground game.

The original DUCK-DUCK Lamp (XL)™ floats on water and is designed to move around – its cordless rechargeable battery allows it to be transported from its charging dock to any place desired. With a removable metal handle on its head, this lantern re-invents the notion of portable light, turning it into an element of fun design.

With its IPX8 rating **The DUCK-DUCK Lamp™** finds its place just as easily indoors as outdoors, making it the ultimate home, garden and pool accessory.

The DUCK-DUCK Lamp (XL)™ version measures a colossal 50cm tall - it's a statement piece!

The DUCK-DUCK Lamp™ is a high end product, manufactured in Spain.

for consumers, hotels, holiday resorts, yachts or any place that embraces a 'touch of humour' with good humour! (A high-end product manufactured in Spain welcomed onboard private yachts and speed boats, found floating in the pools of luxury holiday resorts, beautiful restaurants, Mountain retreats in the snow or quite simply chez-vous.)

- **The DUCK-DUCK Lamp™ by Goodnight Light®** It's like being a kid again.
- **The DUCK-DUCK Lamp™ by Goodnight Light®** Loved by kids and grown-ups alike, these happy little birds are sure to make you smile.
- **The DUCK-DUCK Lamp™ by Goodnight Light®** A rainbow of colours for you to choose from. Have fun. "Go quackers!"
