

Gantri Pendant

Assembly Insrtructions

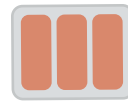

Rev - 01

Mounting Bracket
(w/ground wire attached)

Wago Nut 3-conductor

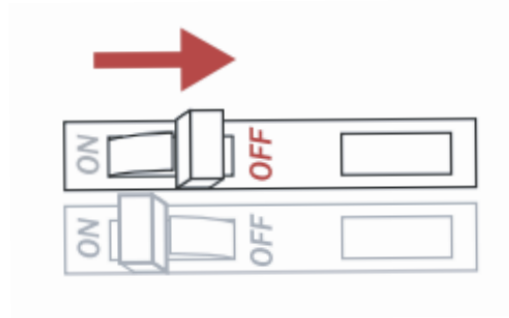

Wago Nut 2-conductor

2 X

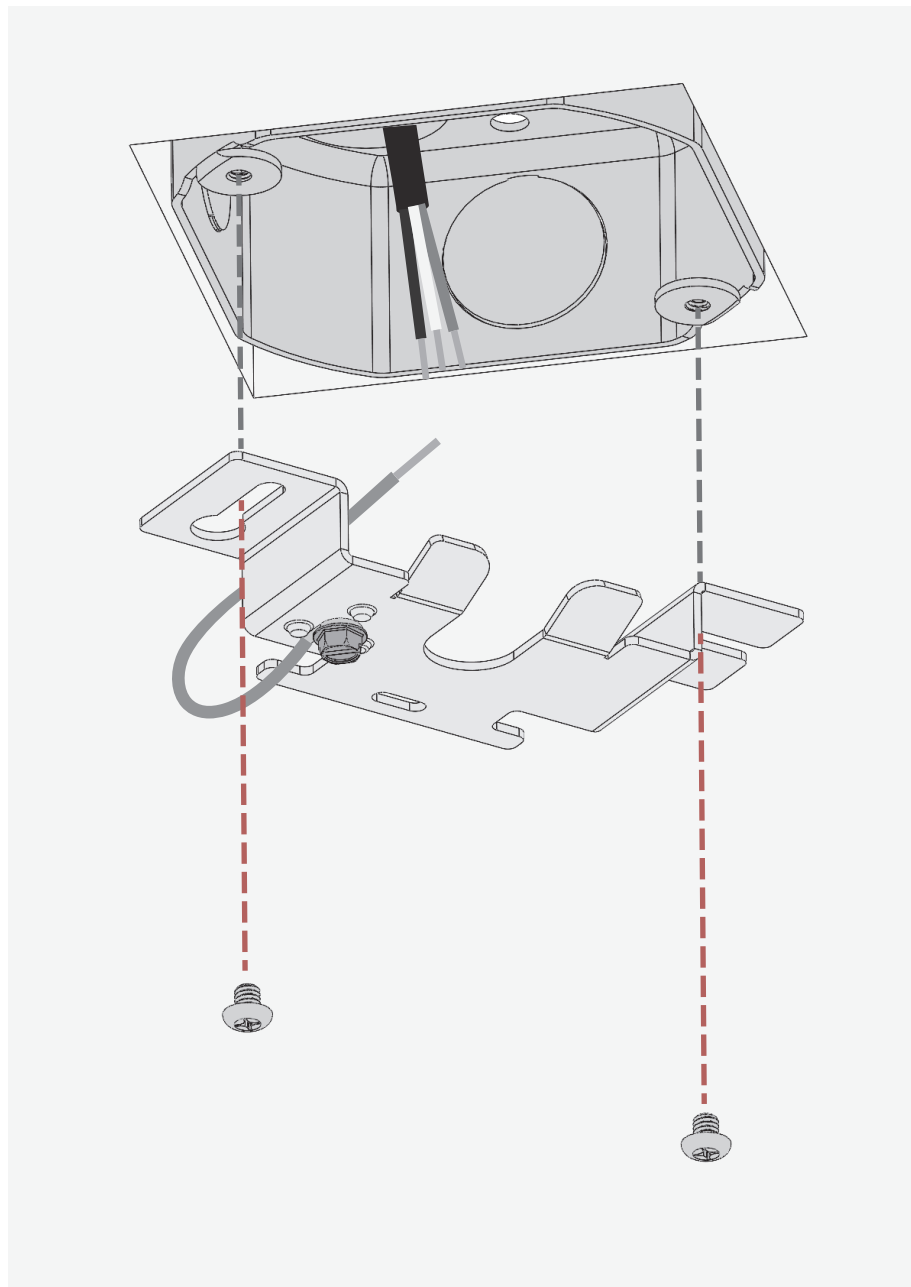

Tools Needed

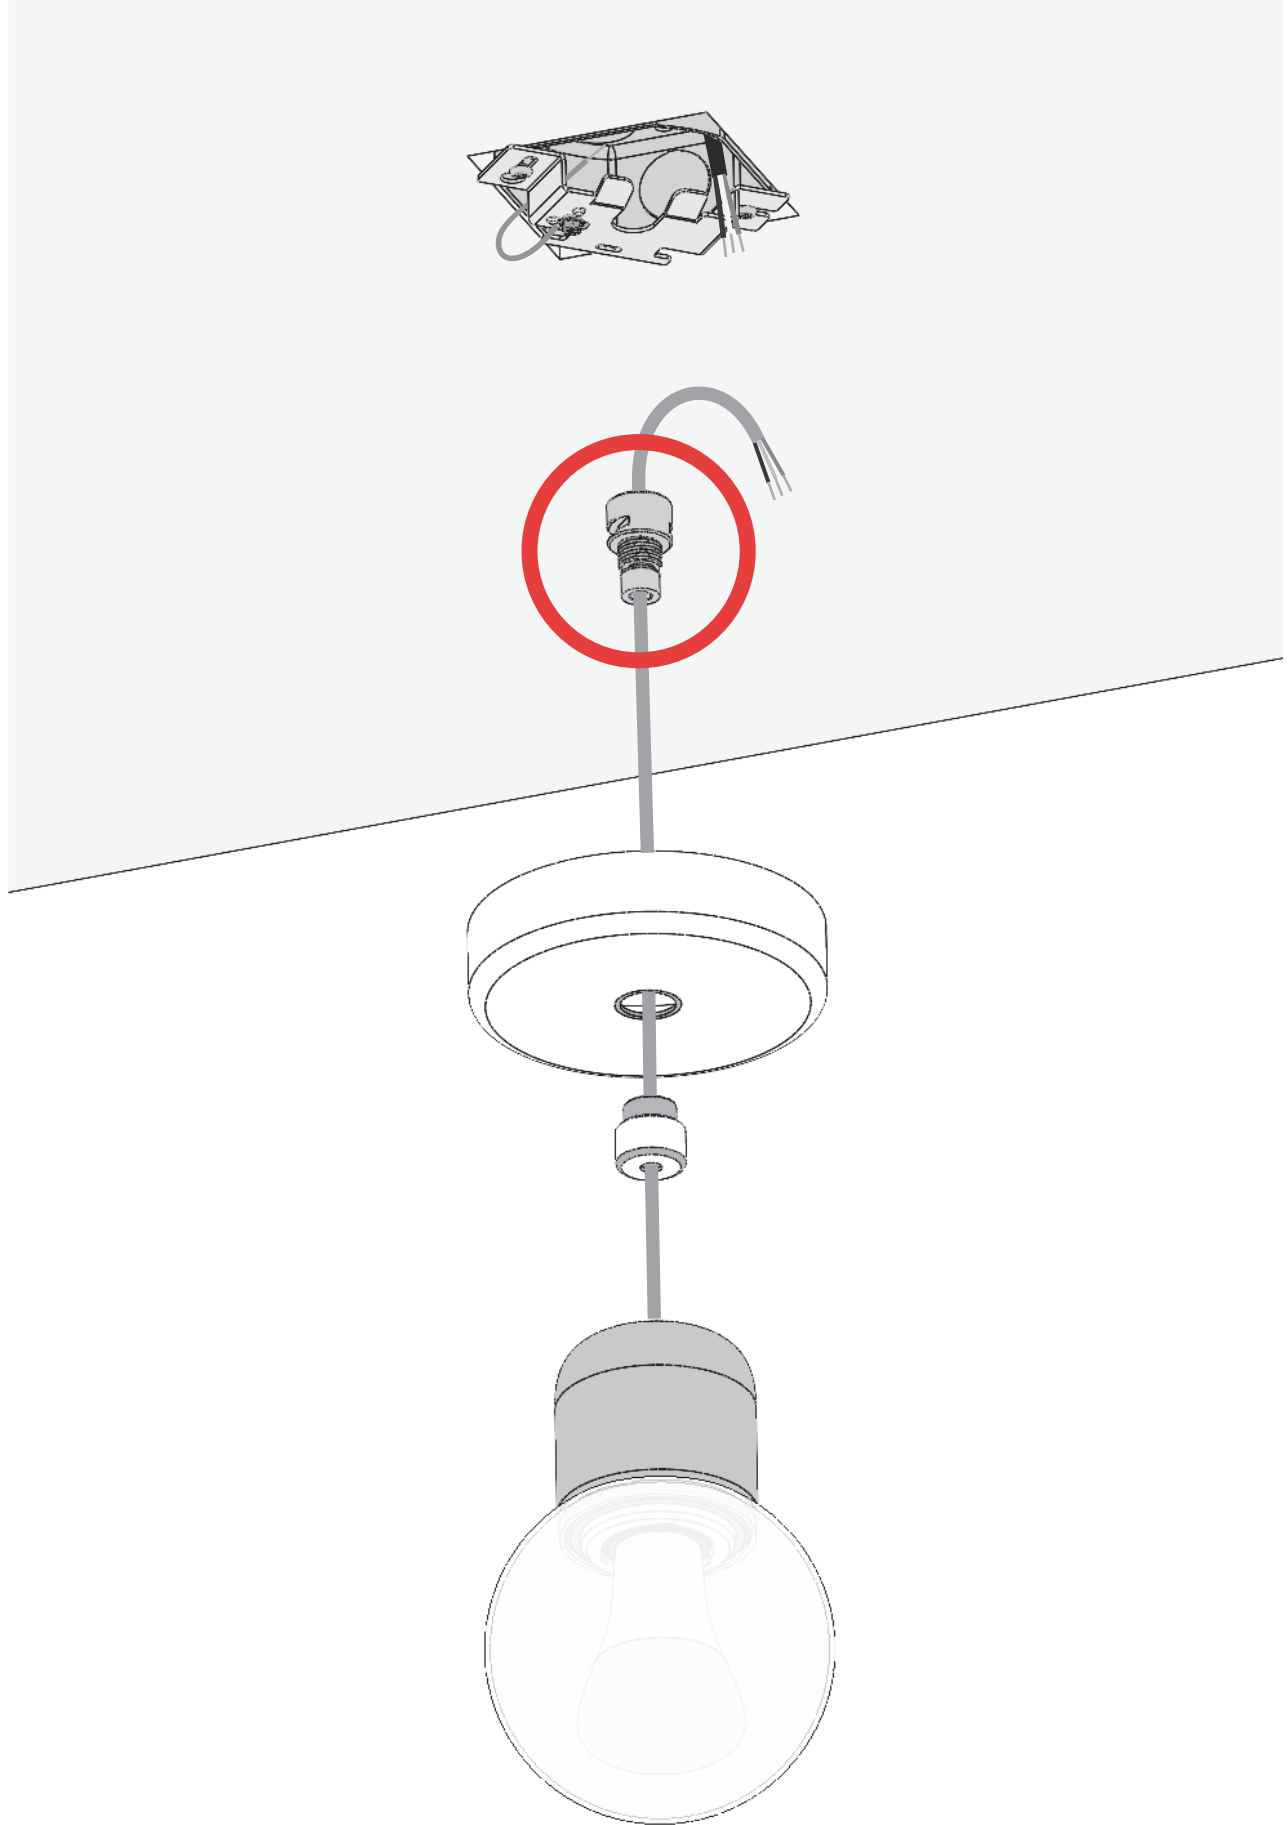

Philips Screwdriver

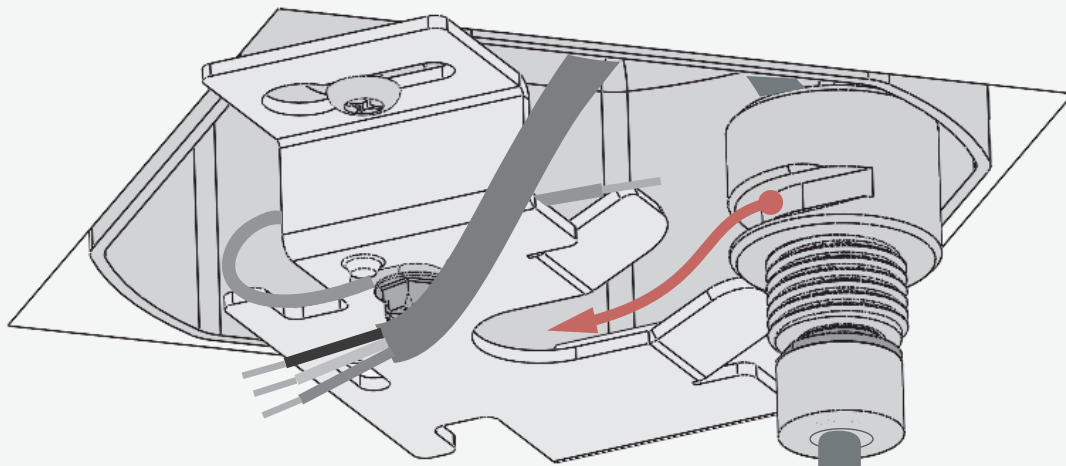

1. Disconnect Power

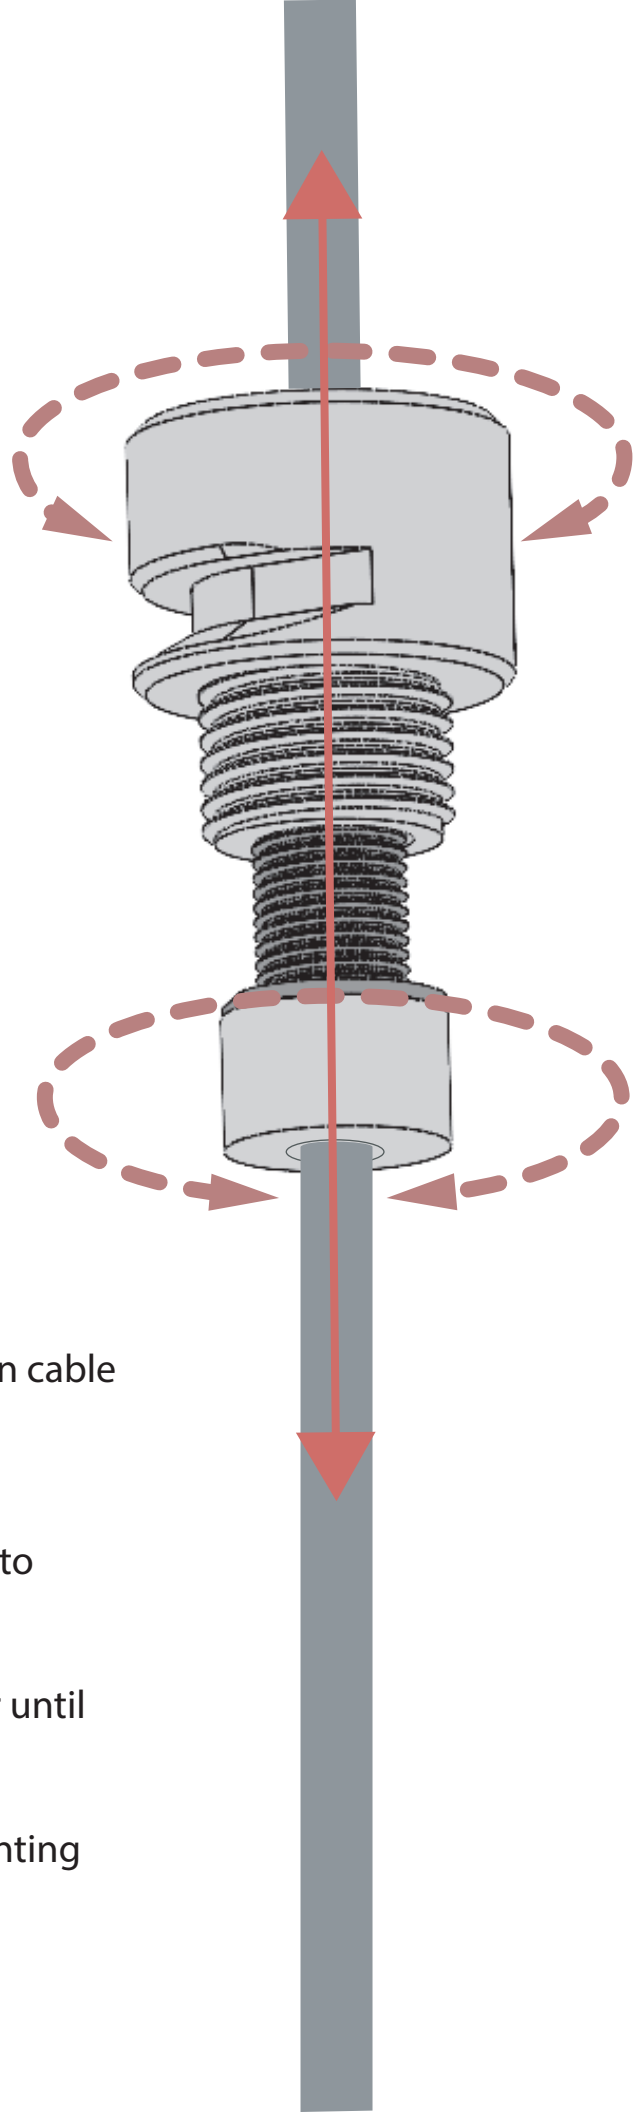

2. Install Mounting Bracket to electrical junction box

2. Lift Pendant up to electrical junction box holding by hanger

3. Place Hanger into Mounting Bracket Slot

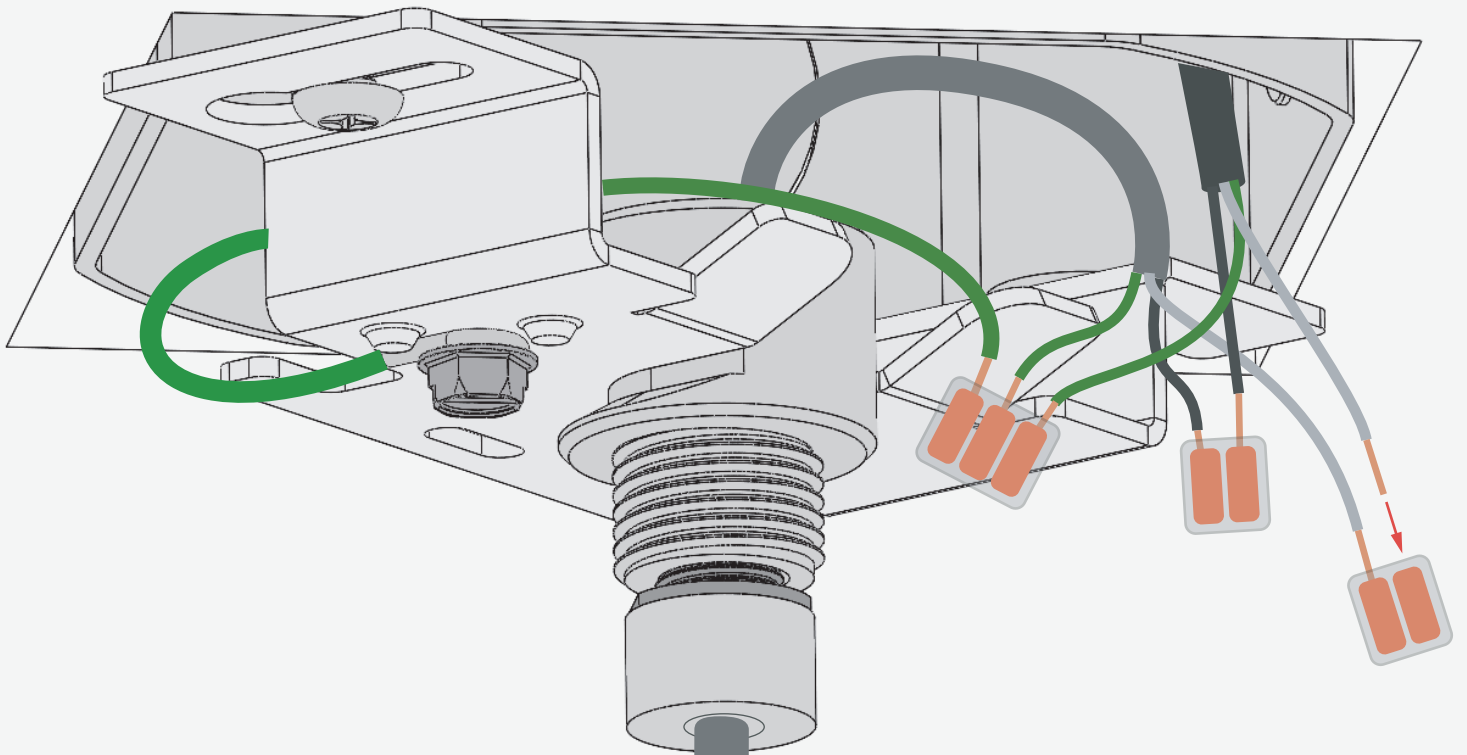

4a. To adjust height of pendant, loosen cable gripper from Hanger until cord slides through.

4b. Slide Hanger + Cable Gripper pair to desired position on cord

4c. Tighten Cable Gripper into Hanger until Cable Gripper flange touches Hanger

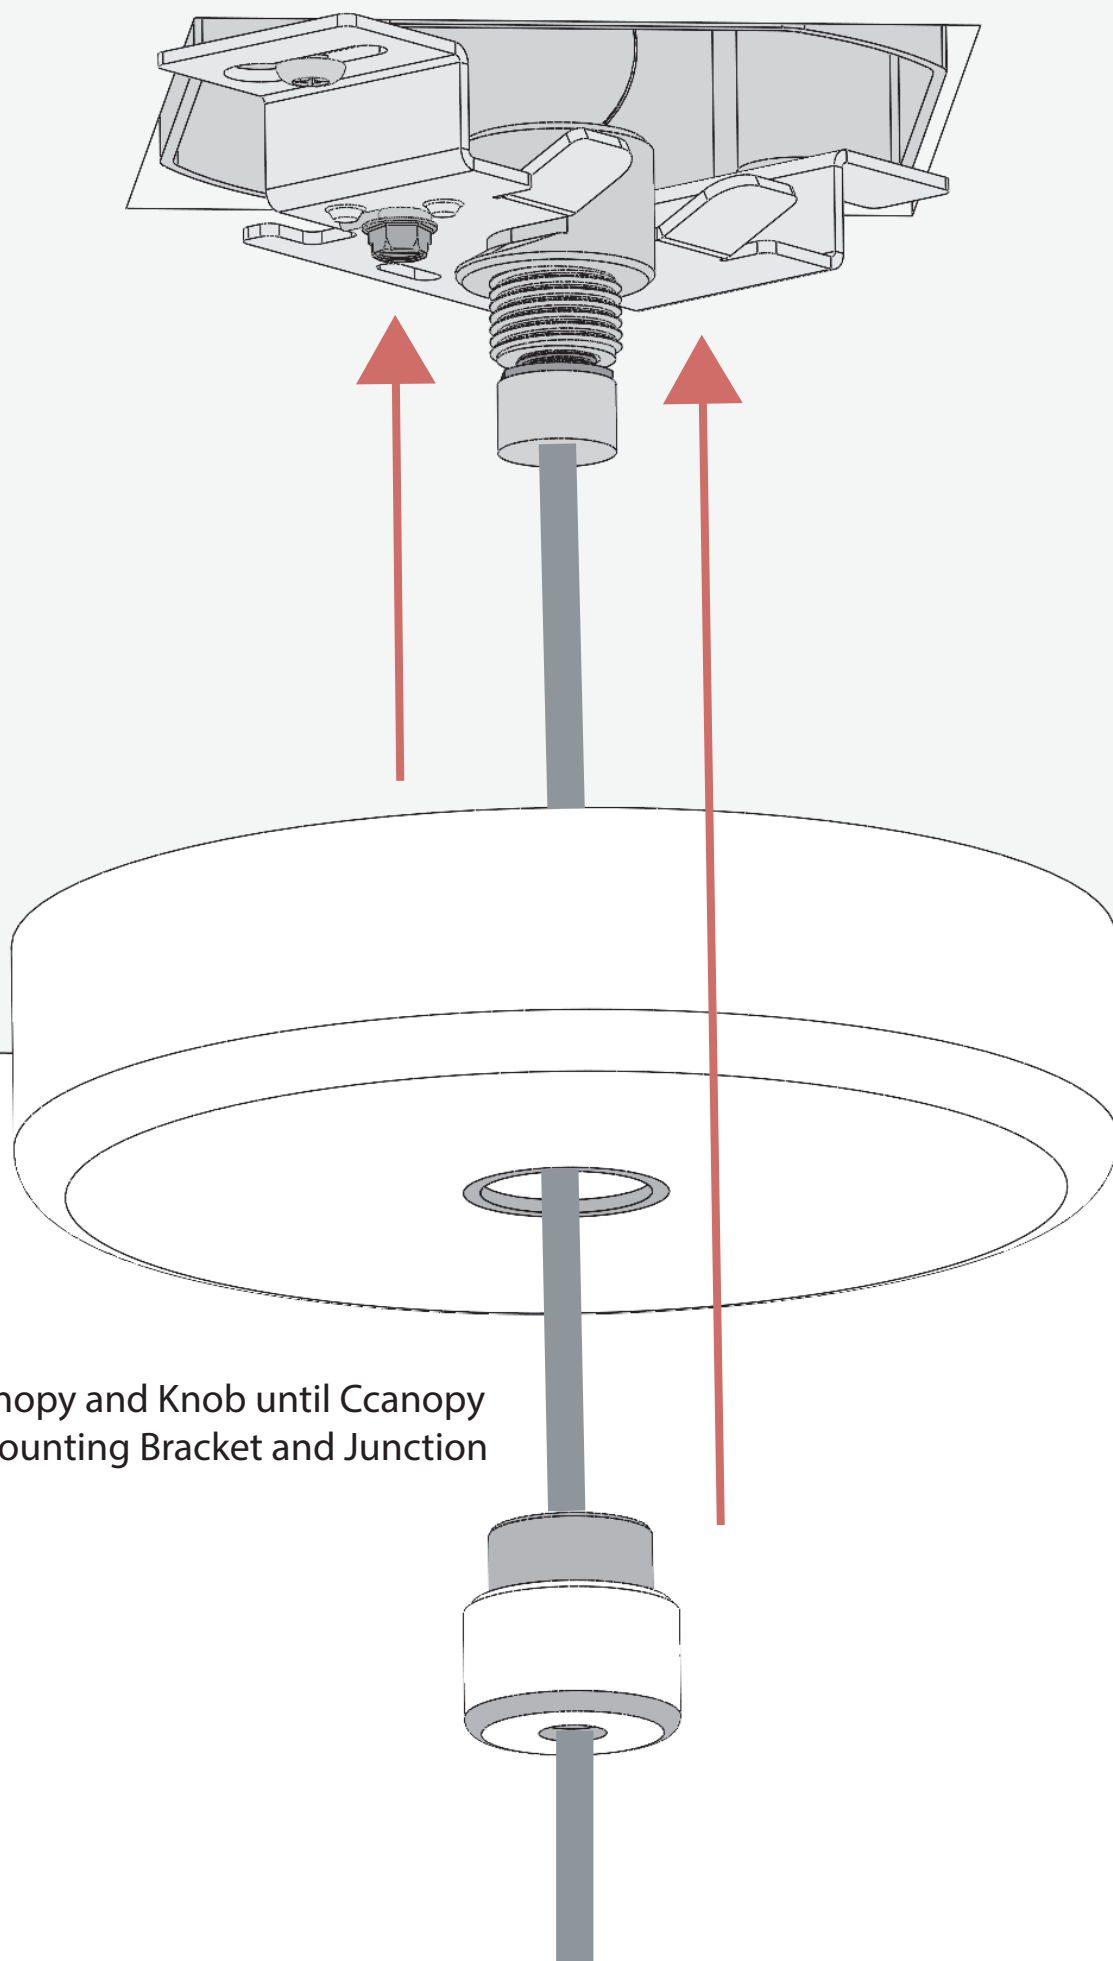

4d. Return Pendant Assembly to Mounting Bracket as shown in step 3

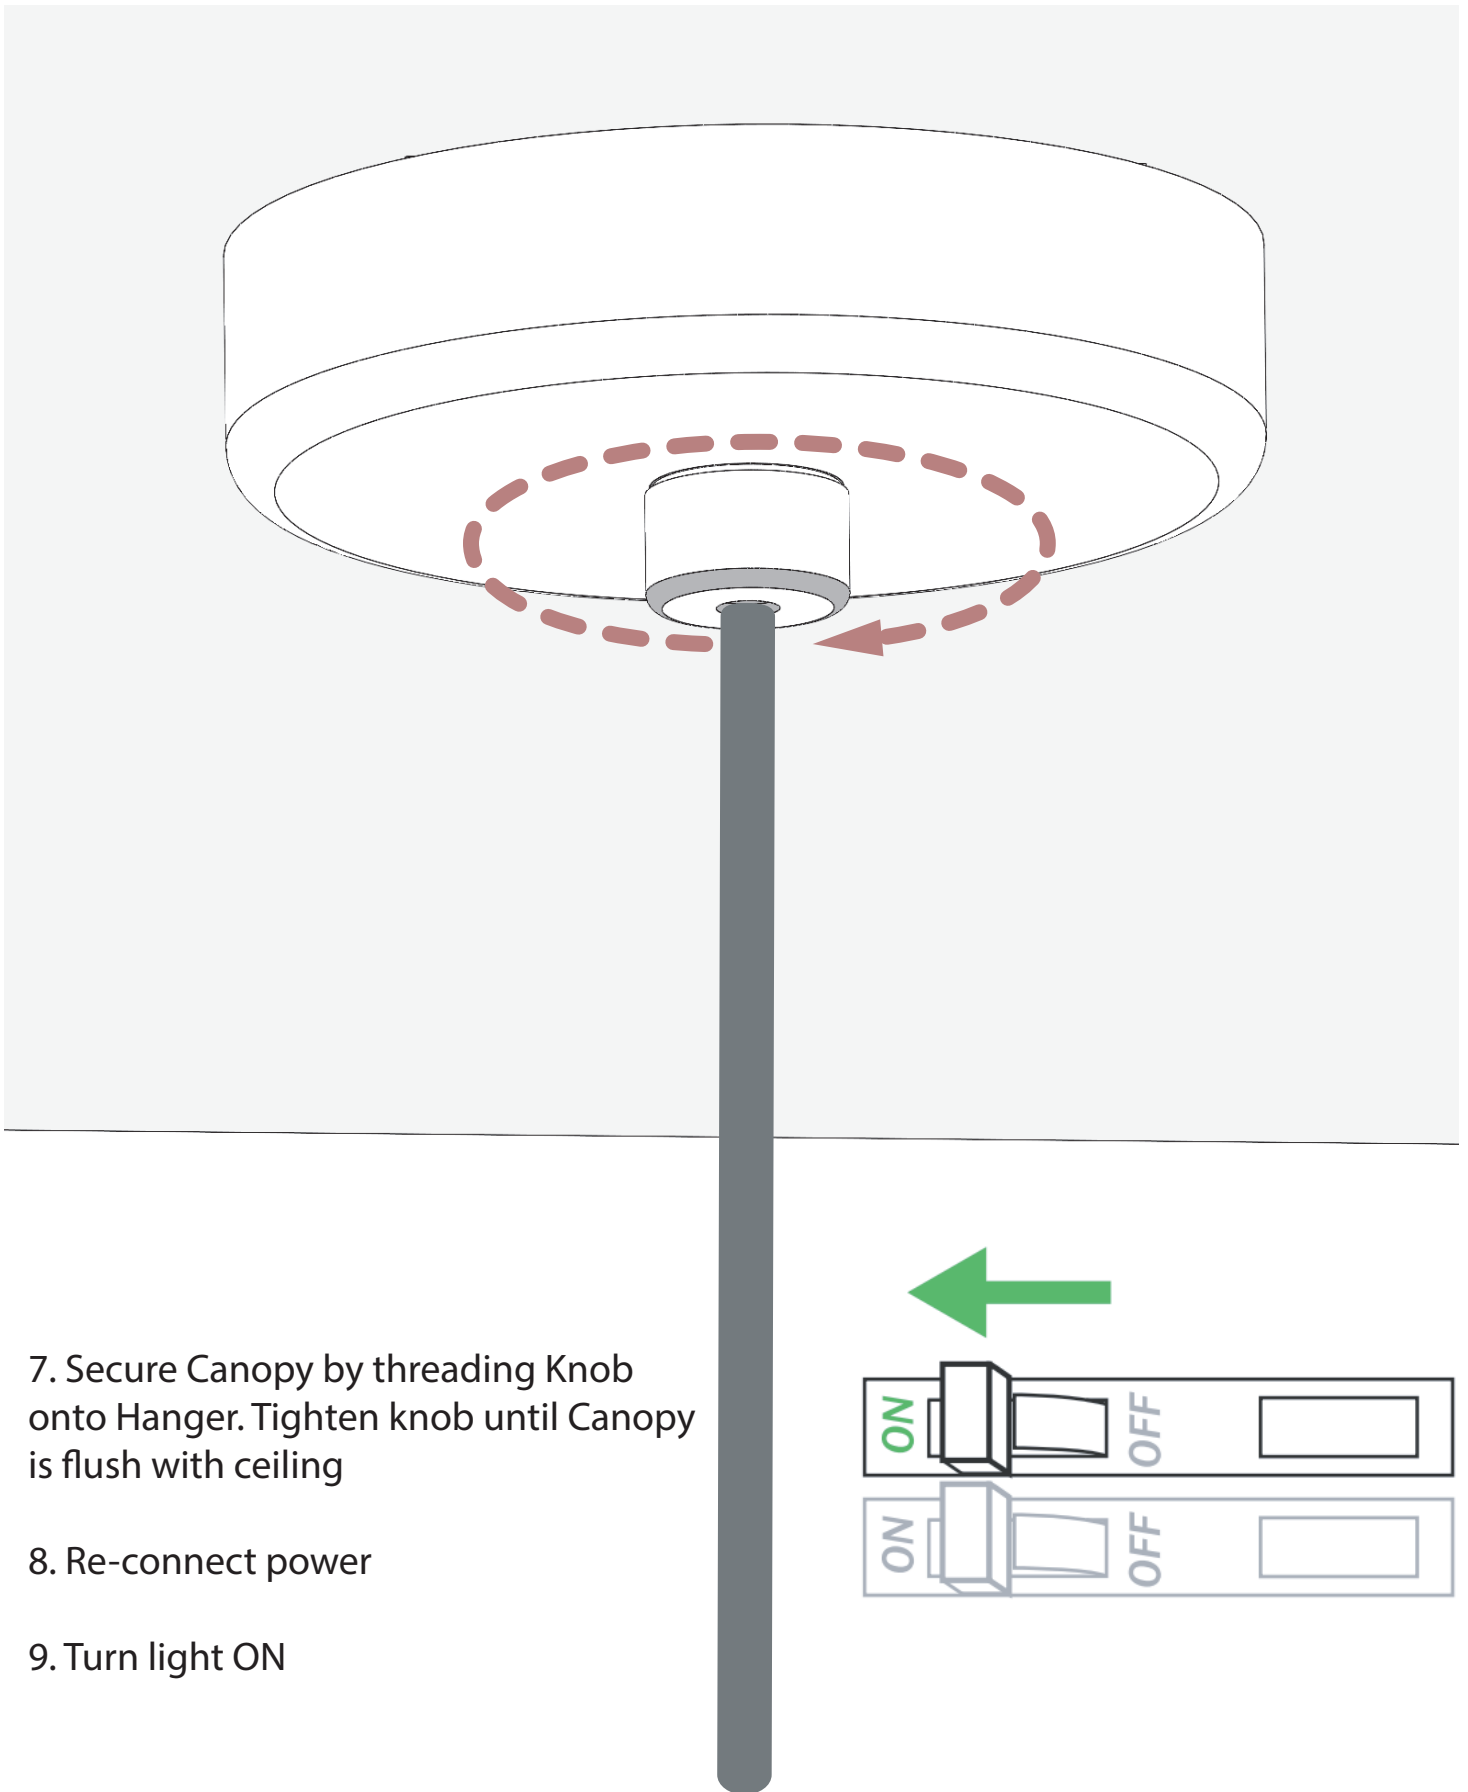

5a. Connect 3 ground cables together using 3-conductor Wago connector

5b. Connect 2 white cables together using 2-conductor Wago connector

5c. Connect 2 black cables together using 2-conductor Wago connector

6. Lift Canopy and Knob until Canopy covers Mounting Bracket and Junction Box

7. Secure Canopy by threading Knob onto Hanger. Tighten knob until Canopy is flush with ceiling

8. Re-connect power

9. Turn light ON
