

TOTTO STOOL

BY GAMFRATESI, 2025

Description

The Tutto Stool by GamFratesi reinterprets the timeless three-legged stool through softened proportions, tactile detailing, and refined simplicity. Rounded edges, a tray-like surface, and solid turned wooden legs create an object that moves naturally between stool, side table, and sculptural presence, while preserving the stability of the traditional archetype. Crafted entirely from FSC-certified® Sapelli wood and wood from other responsible sources (FSC® C176589), the compact design balances warmth, durability, and intuitive functionality. Available in natural Sapelli and dark-stained Sapelli finishes, Tutto highlights the individuality of the wood through natural variations in grain, tone, and texture, giving each piece a distinct expression and bringing warmth, tactility, and an understated presence to contemporary interiors.
