Vignelli Rocker

Designed by Lella & Massimo Vignelli

Date 2014

The final chair by Italian designers Lella and Massimo Vignelli, the iconic Vignelli Rocker is back in production and ready to be enjoyed indoors or out, in homes, businesses, and hospitality settings.

The Vignelli Rocker – perhaps more than any other piece that Lella and Massimo designed – is the ideal combination of clarity and surprise. Its fluid curves create the cleanly defined, sculptural shape of an armchair, but when you interact with it, you realize it's so much more. The subtle architecture of its base allows this rocker to gently oscillate, creating a soothing motion for the sitter. Made in USA, this modern indoor-outdoor rocker has a matte finish.

HEIGHT 35"
WIDTH 34"
DEPTH 25"
SEAT HEIGHT 18"
WEIGHT 34 lbs.
