Product Description: Redefine your media space with the Eleana Entertainment Console, designed with Light Caramel walnut veneers, plated metal legs, and solar-bronze tinted glass shelving. Featuring wire management channels, two self-closing drawers, and adjustable shelving, it's as practical as it is sophisticated. Its sleek silhouette and mixed materials make it a perfect anchor for transitional living rooms while keeping entertainment areas organized and stylish.

Collection Features: Marrying sculptural refinement with an effortless sense of luxury, the Eleana collection is a masterclass in contemporary elegance. The series, imbued with an effortless sense of sophistication, where sculptural silhouettes meet richly textured materials to create pieces that feel at once timeless and of the moment. Versatile in both scale and sensibility, Eleana's thoughtful proportions and nuanced finishes bring a sense of depth and harmony, lending itself seamlessly to a range of interiors, from intimate city dwellings to expansive retreats. Infused with a relaxed yet polished sensibility, Eleana embodies the essence of modern living; stylish, inviting, and intuitively crafted for the way we live today.

Unique "channel" wire management
One fixed wood shelf with two partitions
Open shelf space above drawers
Two self-closing drawers

Material: Walnut Veneers and Glass

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
