**Product Description:** The Eleana Dining Chair showcases a harmonious mix of Light Caramel walnut veneer and beige fabric upholstery, complete with welt trim and tapered wooden legs. Designed for both style and comfort, its understated elegance complements a wide range of dining tables, making it the ideal choice for modern, transitional interiors.

**Collection Features:** Marrying sculptural refinement with an effortless sense of luxury, the Eleana collection is a masterclass in contemporary elegance. The series, imbued with an effortless sense of sophistication, where sculptural silhouettes meet richly textured materials to create pieces that feel at once timeless and of the moment. Versatile in both scale and sensibility, Eleana's thoughtful proportions and nuanced finishes bring a sense of depth and harmony, lending itself seamlessly to a range of interiors, from intimate

city dwellings to expansive retreats. Infused with a relaxed yet polished sensibility, Eleana embodies the essence of modern living; stylish, inviting, and intuitively crafted for the way we live today.

**Status:** Coming Soon

**Finish:** Light Caramel finish featured on split-heart and quartered walnut veneers.

**Features:** Fabric seat and back

Welt trim

Tapered wood legs and frame

**Material:** Wood and Fabric

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
