Warm wood paired with cool stone has the timeless appeal of materials gathered together over generations, bringing depth and soul to the bedroom. The Driftwood One Drawer Nightstand in the Worn Saddle finish embraces that sensibility with a warm brown tone inspired by the burnished beauty of supple leather and hand tooled heirlooms. An inset stone top lends a refined contrast to the wood, while a custom cast bar pull adds an understated note of distinction. Thoughtful function is woven discreetly into the design. A pullout tray expands the bedside surface when needed, while a self closing drawer directly below keeps personal essentials beautifully tucked away. Near the base, a fixed open shelf creates a place for books or collected objects, and a cord clip helps keep wires neatly controlled. Gracious and quietly luxurious, the Driftwood One Drawer Nightstand in the Worn Saddle finish brings an established warmth to the bedside. Surrounded by soft linens and objects with personal meaning, its blend of natural materials and considered details helps create a bedroom that feels layered, intimate, and collected over time.
