A gracious dining chair should offer more than a beautiful place at the table, bringing comfort, presence, and a sense of occasion to every gathering. The Archives Leather Arm Chair captures that spirit with brown semi aniline top grain leather across the seat, back, and outside back, creating a luxurious expression of timeless traditional design. Tailored welt trim brings subtle definition to the upholstery, while the exposed frame, arms, and legs are finished in high clarity Classic Walnut for exceptional warmth, richness, and depth.Graceful wood arms give the chair a more generous presence and invite guests to settle in comfortably, while the natural character of semi aniline top grain leather adds depth and distinction. Brown leather paired with Classic Walnut creates a sophisticated tonal story, drawing on the enduring appeal of traditional interiors while feeling beautifully relevant for today.Positioned at the head of the Archives Dining Table, the Leather Arm Chair brings a distinguished finishing touch to the dining room. Its combination of supple leather, warm walnut, and refined tailoring creates a seat that feels both established and inviting, setting the stage for memorable dinners, celebrations, and conversations shared around the table.
