Gracious dining rooms are shaped by pieces that make every gathering feel considered, comfortable, and effortlessly elegant. The Archives Upholstered Side Chair brings a softer expression of traditional design to the table, surrounding the seat, back, and outside back in beige performance fabric for a beautifully tailored appearance from every angle. Welt trim traces the silhouette with a refined finishing detail, while the wood frame and legs are finished in high clarity Classic Walnut for a sense of richness and depth.Generous upholstery invites guests to settle in comfortably, while the performance fabric brings modern practicality to its timeless character. The warmth of Classic Walnut provides an elegant counterpoint to the fabric, creating a chair that feels polished enough for formal occasions yet approachable enough to become part of everyday dining.Paired with the Archives Rectangle Dining Table, the chair creates a setting that honors traditional dining while feeling entirely relevant for today. Whether gathered for an intimate dinner or filling the table for a celebration, its balance of tailored comfort and modern sophistication encourages guests to linger and enjoy the occasion.
