

Important:

Read all the instructions included before installing the fixture. Retain this document for future reference.

Safety Warning:

Turn off the power at the main fuse/breaker panel before beginning installation to avoid electrical shock. Do not install the fixture on an unfinished ceiling. Ensure a stable and secure surface before installing. Wear gloves while installing the fixture. Indoor installation only.

Installation Steps:

- 1: Turn off the power.
- 2: Unpack and take out the fixture.
- 3: Remove the mounting bracket subassembly by unscrewing the decorative nuts from the canopy. (Fig.1)
- 4: Install mounting bracket to J-Box with mounting screws. (Fig.2)
- 5: Adjust the length of the fixture's pendant cable to the desired installation height.
- 6: Insert the anchor to the ceiling at the correct distance and secure the cable grasper-1 with the self tapping screw.
- 7: Screw cable grasper-2 into the top cable grasper-1. (Fig.1)
- 8: Take out the main power supply wires and ground wire from the J-box.
- 9: Connect the fixture to a suitable ground wire in accordance with local electrical codes.
- 10: Connect the White wire to the neutral power line wire with a wire nut.
- 11: Connect the Black wire to the hot power line wire with a wire nut.
- 12: Neatly place all wires and wire nut connections inside the J-box.
- 13: Install the canopy to ceiling with decorative nuts.
- 14: After completing the installation, turn on the power.
