

HUXE

Carson Track Light Series by HUXE

The Carson Multi Light Track Light by Huxe bridges the gap between design and function, delivering the finishing touch that transforms a room, making space feel more intentional, polished and professionally designed. Multiple adjustable heads rotate and pivot independently to provide illumination exactly where needed, and a low-profile canopy blends against the ceiling. Premium, durable finishes complete and deliver that luxury look. This classic design is perfect for the design-conscious and works whether placed in a kitchen, home office or modern living room.
