

HUXE

Iris Flexible LED Reading Light by HUXE

The Iris Flexible LED Reading Light by Huxe combines sleek modern design with uncompromising functionality, giving you perfectly positioned illumination exactly where needed. A fully adjustable flexible arm bends and twists in any direction, and a convenient on/off switch is within easy reach. Point downwards for directional task light, or away and upwards for ambient light. Features include an integrated LED module delivering 90 CRI soft white 3000K light and a flexible 120-227 VAC.
