Split nasce dalla piega del metallo: un gesto deciso che trasforma l'ombra in protagonista. La lampada rotonda può essere orientata a piacere per modulare luce e prospettiva, mentre le versioni rettangolari, disponibili in h 100 e h 60 cm, creano ritmi modulari di pieni e vuoti che reinventano lo spazio. Disponibile nelle eleganti finiture Ferro Anticato, Ferro Ramato e Ottone Sfumato, Split trasforma ogni lampada in un gesto grafico e materico, dove l'ombra diventa segno distintivo del progetto.

Split is born from the fold of the metal: a decisive gesture that makes shadow the protagonist. The round lamp can be freely oriented to modulate light and perspective, while the rectangular versions, available in h 100 and h 60 cm, create modular rhythms of solids and voids that reinvent the space. Available in the elegant finishes Antique Iron, Copper Iron, and Smoked Brass, Split turns each lamp into a graphic and tactile gesture, where shadow becomes a distinctive mark of the design.
